She stated that at about 1030 hours Sunday 8-7-77 at 7th Ave. opp. 8842 7th Ave. she was walking her dog and she observed a M-W (described on reverse side). Said male was walking on 7th Ave. between entrance to park house near 88th St. and between opp. 8826 7th Ave. He did not speak to the complainant at this time but she further states that on Monday 8-1-77 at about 1230 hours she was at 86th St. near 6th Ave. by Seamans Furniture store and he asked her for a cigarette. He also asked her "Are you married" "Do you cheat", "do you go out". She asked him if he knew the Moyse family and he said yes he knew Pat. Mrs. Moyse states that both she and her husband's brother are named Pat. Her brother in law does not know anyone who fits the description and she does not know this man. She also stated that she has the name Pat on the rear of her belt but this name is not easily observed. When the male asked her "Do you Cheat" she answered "No my husband would slit my throat". She also said that on 8-7-77 she observed this male to have something ~~xx~~ black in his hand and he kept passing it behind his back when he would pass people. He was walking up and down at the above mentioned location. She also observed that the male was grinding his teeth when he got into his auto. When the male left the area in his auto he made a U turn on 7th Ave. and drove south on 7th Ave. toward the Vets. Hospital.

Neither of the subjects could remember where the car was parked when they left Bay 16th St. and Mr. Chiarello could not re member where he parked when he returned but he believes that he found the same parking spot when he returned. In response to questionng he stated that if the parking spot in question was on the west side of 17th Court, he probably would have made a U turn at the end of 17th Ave. and then parked the auto, but he cannot remember if that is true. He further stated that while pre par ing for bed he heard what sounded like police sirens but he thought they were coming from the Belt Parkway and ignored them and went to sleep.

INTERVIEW OF JAMES CHIARELLO Address [redacted] and **Death of**
Madeline Ceci Address [redacted] **Stacey Moskowitz**

On Aug 9, 1977 at 2015 hours the writer, Det. Wm. Donovan #1406-14th H/Z accompanied by Det. Edward Swiander, 14th H/Z interviewed the two persons named above relative to their actions between 0200 and 0300 hours on 7/31/77 and to obtain any information they may have. Subjects were questioned separately and together and the following results were obtained. Both stated that they had been out to dinner and returned to Mr. Chiarello's apartment. At 0200 they left the apartment and Mr. Chiarello drove Mrs. Ceci to her home. Mrs. Ceci left the car and Mr. Chiarello returned home, arriving at about 0230 hours, entered his home and immediately went to bed. Neither of the subjects could remember where the car was parked when they left May 16th St. and Mr. Chiarello could not remember where he parked when he returned but he believes that he found the same parking spot when he returned. In response to questioning he stated that if the parking spot in question was on the west side of 17th Court, he probably would have made a U turn at the end of 17th Ave. and then parked the auto, but he cannot remember if that is true. He further stated that while preparing for bed he heard what sounded like police sirens but he thought they were coming from the Belt Parkway and ignored them and went to sleep.

He then left after about one hour of circling. The next day he returned and circled Bay 16st continuously for one hour. On Friday he came back again some time late in the afternoon and circled Shore Parkway to 16 st. On one of his passes he stopped behind a girl who was standing near the park. The witness tried to get the attention of the subject but he looked away from his direction and left the area. When the drawing in news paper appeared #304 he recognized that male as being the one that was driving the red auto. He also recalls many religious articles being on the dashboard of the red auto. Also possable a bumper sticker on the rear of said auto which he believed to be an S.O.S. Gas advertisement.

He was walking as witness describes as like a cat. Very slow and almost like a soldier. with one step in front of each other. His face is described as being slick or oily. with high cheek bones. His eyes appeared dark and he looked to be almost handsome. He had almost no side burns and his face was smooth. His nose was not pointed and not too large. Witness then noticed a portable radio in his right hand held tightly against his right leg. His hands appeared small but he was able to hid almost the whole thing. As he approached closer he turned his head away and witness noticed his shirt had tiny spots on it and his shirt was tucked under his jacket. He appeared well built, however she further stated that he had some thing obnormal about his stomach. There looked like a swelling or some thing tucked under his shirt He turned and walked into the courtyard in the direction of 16 st. Witness now noticed that the portable no longer looked like a radio. Witness stated that it looked like some thing else. Perhaps a gun. Witness then asked the undersigned to place his gun in different possition in his right hand. When gun was pointed barrel up and but forward witness stated thats it that the way it looked. Except that butt was squarer. Witness then stated that the man wal away into court yard in the same peculiar manner. Witness then went quickley into the house. As she was removing dog collar from dog she heard what sounded like a loud bang and a car horn blowing continuously. This took place about five minutes later. When asked by the undersigned if she could identify this man she stated that she would never forget him. When asked if she would allow a police artist to draw his picture from her description she finally agreed. The undersigned asked if she saw any other people in the street at this time that might have seen him and she stated that there were none other outside. When asked by the undersigned if if there were any thing at all she could think of about this night that might hepl us find a witness she stated I saw the police when I first came in. She came home about 2AM and remembers seeing the police giving tickets to a car on the hydrant down the street and that a woman ran out to move a double parked auto.

Berkowitz Arson Trial Unlikely, Merola Says

New York (AP)—Bronx District Attorney Mario Merola said yesterday that he did not think that David Berkowitz would be tried in connection with the 2,000 fires logged in a diary by the confessed Son of Sam killer.

Merola said that the sentences to be imposed as a result of Berkowitz' guilty pleas to six homicides and seven attempted homicides committed during a year-long reign of terror would "far exceed anything he could have gotten under arson."

Berkowitz pleaded guilty last Monday. He faces a maximum of 25 years to life imprisonment for each of the slayings, and a maximum of 25 years for the attempted murder of seven victims who were wounded. He also faces 15 years in prison on weapons charges. "The guilty pleas to the six homicides will cover it," Merola said in a television interview.

The existence of the diary was revealed last Monday by Merola, who said that Berkowitz claimed to be the man who had reported a number of fires to authorities under the pseudonym of "The Phantom of the Bronx." One of the four diaries kept by Berkowitz has disappeared from police custody under mysterious circumstances. But the other three indicate that he may have been responsible for about 1,400 fires and false alarms, and he claims that records of about 600 other fires were in the fourth, missing log. Merola said during the television interview that while each log entry in the three remaining books had not been checked out, "all evidence indicates he did commit these arsons."

On another matter, Merola said he believed that the central facilities for fingerprint records should be moved from Albany to New York City, which generates 70 per cent of the checks for arraignment procedures. He said that it now takes "three to four hours' turnaround time" to send a copy of an arrested person's fingerprints to Albany for processing, and that the result is a delay in arraignments. "There seems to be no good reason why they should be located in Albany," Merola said. He added that "I suspect it's a patronage problem" for the governor.

Merola said he thought that there no longer is a need to have special prosecutors handling cases of official corruption or investigating the nursing home industry. "I think the full reason for creation of a special prosecutor's office has gone by," he said. "It's a waste of the taxpayers' money."

As the subject followed the VW he noticed that the VW was driving without lights. The operator of the VW put his lights on and then ~~XXXX~~ put them out again when he realized he was be followed. The subject put his high beams on in an effort to get the plate# of the VW but was unable to read it. He thought it was a Jersey plate. The VW made a left turn on 15th Ave and was followed by the subject. The VW accelerated in an effort to lose the subject. The VW made a right turn onto Independence Ave against traffic and drove onto the Belt Parkway West bound. As the subject tried to follow he was blocked due to a vehicle exiting from the Belt parkway. He went on the Belt Parkway West bound and tried to catch up to the V.W. but lost it. He continued to the 4th Ave exit where he got off but was unable to locate the VW. He thinks the V.W went onto the Verranzano Bridge.

The subject was questioned concerning his identification of the driver of the VW and he stated that he could identify him if he saw him again. He stated that in the near collision with the VW they were both coming to a stop and he was looking right into the face of the VW driver. He also stated that the driver of the V.W. had one hand on the wheel and his left arm out the window holding onto the door frame. It was at this point that he noticed that the VW driver had his sleeves rolled up to his elbows. A further description is:

MALE WHITE/ 30yrs/brownish hair straight and messy/ wearing a blue shirt with sleeves rolled up.

SUBJECT: INTERVIEWED MRS TERESA NATALE WHO MAY HAVE SEEN THE PERPETRATOR EARLIER IN THE DAY.

1. On August 1, 1977 I received a phone call from Mrs Theresa Natale of **Address** (pnne **Address**) who stated that on July 30th, 1977 at about 1 PM she had been looking out of her apartment window and observed a male walking up and down the street which is located a short block away from the scene of the crime in this case. Mrs Natale stated that she watched this man walking back and forth for about a half hour. He would walk very slowly and at times would look into the windows of the autos parked nearby. She believed he did this took look at a reflection of him self thru the glass as their were no one in the autos. At the time he was walking it was drizzling slightly and he would also walk under trees to protect himself from the rain. She thought it very strange for a man to walk in the rain but after a half hour she returned back to her apartment and did not observe him any longer. Mrs Natale describes him as MALE WHITE 5FEET 10 INCHES, 175 POUNDS, WELL BUILT, LIGHT BROWN HAIR (AS A YOUNGSTER MUST OF HAD DIRTY BLOND HAIR) HAIR COMBED TO THE SIDE, 28 YEARS OLD, FUNNY LOOKING EYES, WEARING BLUE DUNGAREES, WHITE "T" SHIRT WITH SHORT SLEEVES. Mrs Natale stated that she believes she could identify this person by viewing a photo of him.

Re: Blue Oldsmobile

1. The above subject was interviewed on July 31, 1977 at 0600 hrs in the 62nd. Pct. Det. Sorgente- Sex Squad-Brooklyn- and I conducted the interview.

Miss Buccafusco states: About 12:30A.M. (July 31, 1977), I was doubled parked in front of 1485 Shore Pky. (between 20th. and 21st. Ave). I had dropped off my girlfriend Linda (Chaiarello), she had to go upstairs and pick up something. While I was waiting a blue auto had come by me, that is for the first time. (blue auto proceeded west bound) He turned on 20th. Ave. (north). He went around the block and passed me again, this time slow. He looked at me again, and made a turn on 20th. Ave again. He came by me again, and looked at me again, and went down 20th. Ave again. Two people now came out of one of the building and were waiting at the curb for someone to pick them up. The car comes by again now from the opposite direction, this is the 4th. time, he must have made a "U" turn on 20th. Ave. I thought he may be looking for a parking space, but on the other side of the street next to my car was an empty parking space. He comes around again going eastbound and around the bend(21st. Ave.). Now, Linda comes down and gets back into the car. I tell her about the car. The car comes by us, this is the 6th. time

build but not fat/ Light Brown to Blond Hair, full of hair but not long, mussy or curly wearing a gray work shirt tails out of the pants (rounded tails) dark dungarees with straight legs, the shirt had long sleeves folded up. He first saw the perp. as he stepped into the street and he watched him cross the street to the passenger side of the victims auto and he drew a gun from under his shirt and then fired four times directly into the passenger window (front) without saying a word or making any motions other than the drawing of the gun and bending over to see into the car. Both hands were visible to the witness and were out of the window approximately eight to twelve inches from the car. After ~~five~~ he shot the four shots, he turned around ~~having~~ his both hands in toward his stomach and darted back in the direction in which he came and was last seen running through the park on the footpath.

Zaino then immediately started up the auto and ~~led~~ the scene by making a right turn at the corner and went ~~for help~~. At Bath Ave and 17th Ave. He meets with a Police officer on foot and gives him the information and the P/O said he would get help. Zaino then went back to the scene to assist the people who were shot. At that time there was someone helping them and he and the girl stood by.

Sequence: 0215 hrs. Zaino pulls into the area under the lamp post and get out.
0220 hrs. They get back into the car and fill up three car spaces
0225 the other car parkes under the lamp post.
app. 0235-0245 Perp was observed, committed the act and running away.

Note: during the time they were seated in the auto in the crouched position, Zaino heard autos passing by and at one time he heard an engine which sounded like a Volks Wagon pass and as he glanced up, he thought he saw a yellow roof.

 SUBJECT: RE INTERVIEW OF THOMAS ZAINO Address

1. On this date at 1330 hrs the above was reinterviewed at this office in the presence of Det Carpenter and me. At this time the witness said:
 He was driving along Cropsey Avenue coming from the vicinity of the Veterans Hospital on 7th Avenue and turned toward the water at Bay 17th street and again made a turn when he reached the fence (Shore Parkway) He parked the auto he was driving, under the lamp post at the footbridge and he and his girl friend Debbie DeCrescenzo got out of the car and walked across the footbridge toward the water. When they reached the other side they decided it was too cold and they went back to the car. He moved away from the lamppost to a more darkened area, approximately three cars distance. He and the female settled down in the car to a point where they were not visible to passers by. Approximately ten minutes later another car (the victims auto) parked in the spot under the lamppost. They were the only two cars in the area at this time. Another ten minutes goes by and as the witness is shifting positions in the auto, he peers through his rear view mirror and sees a male/white/ 25-30/Medium to heavy

1. Subject interviewed at scene 0315 hours this date; he reports that he was sitting in his automobile with a girlfriend whom he refused to identify. He observed his car was parked directly in front of the victim's automobile. He observed a male walking from the North side of Shore Parkway at the foot of 17th Avenue through the rear view mirror of his car. The male came from a park at the latter location. ZAINO states the male crossed from the North side of Shore Parkway to the South side and approached the victim's vehicle from the street passenger side. He watched as the male pointed a gun pistol which he held in both hands and went into a crouched position pointing the gun at the front passenger side window. He states that four shots were fired into the vehicle and he observed the male run North back into the park entrance at 17th Avenue. ZAINO then drove his automobile to the 62nd Precinct and notified the Police Department. He described the male as follows to the undersigned and Det. O'Connell:
