On this date at about 2045hrs., with Det. Bottari, I interviewed [redacted] F-W-24yrs., DOB [redacted], of [redacted] Alderton Street, PH, tele# [redacted] She stated that on Tuesday, February 8th, 1977, she had left work (86th St. & Lexington Ave, Gimbels East, Cosmetics Dept) and took the 1935hrs. After coming up from the station she walked to Continental Avenue (this would have been a little before eight), then down Continental Avenue to Dartmouth Street, then right (west) towards Exeter. As she was approaching Exeter, a young male white was walking in the opposite direction on the other side of the street. After passing her he crossed the street to her side and began walking behind her (about 15'). She became nervous and crossed over to the other side. He did the same. She quickened her pace and he kept pace. When she turned down Exeter she saw a car coming down the block. She crossed the street in front of this car and he crossed behind it. She kept walking until she saw two men on 69th Avenue, standing in the street with their backs to her. She headed towards them and then looked behind her and the male was gone. She approached the men and asked them what time it was (because she felt too nervous and embarassed to tell them about the man). They told her it was eightish. She then continued to Yellowstone, turned down Fleet (walking in the middle of the street) to Alderton and ran home. She didn't see this man again. INVESTIGATION: HOMICIDE OF VIRGINIA VOSKERICHIAN

SUBJECT: INTERVIEW OF [redacted]

On this date, by telephone, I interviewed [redacted] of [redacted] Tennis Place, tele# [redacted] who resides thereat with her husband, [redacted]. This interview was in reference to information received that she had been chased from her residence at [redacted] Dartmouth Street on the night of occurrence. Mrs. [redacted] stated that she now resides at [redacted] Tennis Place, having just moved from [redacted] Dartmouth St. On the night of occurrence she went to the basement of [redacted] Dartmouth St. to remove some property from the basement and transport it to her new address. She left [redacted] Dartmouth at about 1815-1830 hours and while walking she passed a male also walking. She took no notice of him and is unable to describe him, his clothes, etc. The male did not appear suspicious or accost her in anyway. She mentioned to some neighbors that she had been on the street just an hour prior to the shooting and the story has been blown all out of proportion in the neighborhood and she has already been asked about the man who "chased her down the street." Original information UNFOUNDED.

CONTENTS: Interview of [redacted] Dartmouth St.,2nd Fl.

1. With Det.John Vigilante,#154,13th H/Z,I interviewed [redacted] at her residence and she related the following: On the night of [redacted] occurrence she and her husband walked from the subway up [redacted] Continental Ave.to Dartmouth St.to their residence. Her calculations put them at the place of occurrence moments before the shot was fired. Neither she or her husband could remember anyone or anything out of the ordinary during that walk but she explained that they had been talking and not paying much attention to other passers-by as they come that way every night. During the months of Jan. and Feb.she does recall seeing a M-W-40's,obviously disturbed,yelling out things to nobody in particular. She has seen him about 5 times near [redacted] #4 Dartmouth St.and thinks he might live there. Also during that time further up Dartmouth St.,near 70th Ave.a younger man in his 20's stopped her to ask the time. Because it was snowing and he looked out of place,she thought that that might interest us.

2. Nothing else of value was learned at this time. If [redacted] or her husband recall anything to aid us further,she has been advised to call this office.

3. Investigation continuing,case ACTIVE.

CONTENTS: Interview of [redacted] 76th Road, apt. [redacted] business [redacted]).

1. At about 6:30 PM on the night of occurrence [redacted] was driving her car on 76th Road looking for a parking spot. As they passed 111-2 76th Road she saw a Male White in his late teens standing on the sidewalk, leaning on a car and aiming a long barrel silver gun. As she drove, she asked [redacted] who was sitting in the passengers seat if he had seen the man with the gun. He said "no" and he turned to look back but by that time they had driven too far for him to see anything and she, of course, was looking at the road. A they had found a parking space they walked back but the gunman was nowhere to be seen. As it was not totally dark at that hour and there were numerous othe people in the street, [redacted] dismissed it from her mind until she heard later about the girl being killed.

2. Nothing further to aid us in this investigation was learned at this time, however, The [redacted] have been advised to notify this office if the obtain any additional information.

3. Investigation continuing, case ACTIVE.

Subject: INQUIRY INTO LUNAR CYCLES BASED ON DATES OF FIVE SHOOTING INCIDENTS.

1. In an effort to determine whether any similarities of the Lunar Cycle existed between/among any of the following dates, on this date the undersigned, Det. John A. Kennedy, #979, HZ-11, temporarily assigned to this command, conferred with Astronomer [redacted] East Broadway, Long Beach, N.Y., Tel: [redacted] teaches Astronomy in the Long Beach Adult Education Dept., and is a member of Amateur Astronomy Assoc. of New York, and the Astronomy Society of Long Island.

2. [redacted] was supplied with dates and times of shooting incidents as follows: 7/29/76 0110 hrs. 10/23/76 0230 hrs. 11/27/76 0040 hrs. 1/30/77 0020 hrs. 3/8/77 1930 hrs. He concluded that there appear to be NO SIMILARITIES between any of the aforementioned times.

3. He added that a complete Lunar Cycle consists of approx. 29½ days (29.5306 exactly/ or: 29 days-12 hrs.-44 min.--3 sec.).

4. The moon phases for each of the dates are as follows: 7/29/76-"Waxing Crescent". 10/23/76-New Moon. 11/27/76-Waxing Crescent. 1/30/77-"Waxing Gibbous" (betw. 1st ¼ & Full). 3/8/77-"Waning Gibbous" (betw. last ¼ & Full).

5. Based on the opinions of many pysychiatric specialists, that certain persons are affected in their behavior by particular, usually Full or New moon, lunar phases, [redacted] calculations appear to preclude that possibility in relation to this matter.

His dob is [redacted] and he lives at this location with his mother. He states that he knew the deceased for about one (1) year. He first met her in Ronnie's Boutique, a clothing store, where he worked as a clerk. He went out with her socially, about 10 times. They usually went out to places for drinks or to his house. The last time he was out with her was on New Years Eve. They went to a place called "Sneaky Pete's" on Yellowstone Blvd. He took her home about 12:30 AM that night because she had a date with her Russian teacher, from school. He does not know the name of the teacher, he never saw him.

2. He states that she was a good student who devoted most of her time to school work. She was an accomplished linguist who spoke seven languages fluently. As far as he knew, she had no other friends in the area

3. About a week and a half before she died, he met Virginia as she was coming out of the subway at Continental Ave. & Queens Blvd. He asked if he could talk to her. They went into a luncheonette at that location and sat in a booth and talked over a cup of coffee. At this time, his current girl-friend, [redacted] Shorthill Rd., Forrest Hills, came into the luncheonette, wanting to know why he didn't meet her. Virginia, apparently embarrassed, got up and left. This was the last time he saw her alive.

1. The above named person was interviewed, on this date, relative to a telephone call received at the Queens Area Detectives office. For the past two months, he has resided at [redacted] Exeter St., with his wife. Prior to that, he lived in Richmond Hill. He states that on the night of occurence, 3/8/77, he arrived home from school at about 1700 hrs. He jogs nightly, and on this night, he put on his usual jogging clothes, which consists of shorts, knit hat, and a grey sweat shirt. He started jogging, in the general area of the Forrest Hills Inn, at about 1800 hrs. At about 1850 hrs. he was jogging South from Queens Blvd. toward Dartmouth St, on 71 Ave. As he crossed Austin St., near the Columbia Savings Bank, he noticed a male, white, standing near the bank. The reason he noticed him was that he was alone, and he did not seem to belong in the area. As he passed him he just saw the left side of his face, and to him, it looked like the side of his face was pushed in, and he thought that he might be a mental retard.
[redacted] describes this male as white, 27 yrs, 5'9" or 10", medium build,no facial hair, hair combed straight back(slick), he stood slouched. He was wearing a short jacket, no raincoat.

2. [redacted] states that after he passed this person, he continued to Dartmouth St. turned right and jogged down Dartmouth to his home. This was about 1900 hrs., and at this time, he noticed no one or nothing unusual.

CONTENTS: Request for Photos, Criminal Records and further information on subjects noted on DD 5 #'s 16,42,43 and 47.

1. DD 90's for photos and criminal records of [redacted] and [redacted] (DD 5 #'s 16 and 43 respectively) prepared and forwarded.

SUBJECT: Homicide of Virginia Koskerichian

CONTENTS: Interview of [redacted]-look-alike for sketch #115

1. With Det.Tidmarsh I went to [redacted] 59th Ave.,apt.[redacted] and spoke to [redacted] who resides there. [redacted] looks exactly like the picture previously received from Miroqhik and does resemble the sketch somewhat from the eyes down. However,[redacted] denies any knowledge of the subject and claims he seldom is in that area and he never wears a hat. He works nights at the Drake Theatre and sometimes helps in his sister's dress shop (currently under investigation by the Queens D.A.'s office) at [redacted] 63rd Drive.

2. As a possible witness in this matter,[redacted] is a failure. If he does have knowledge that would aid in this investigation he is not giving it up at this time,however,he has assurred us that if he can be of assistence at a later date,he wil' contact this office.

3. It is the opinion of the undersighed that [redacted] is not the subject of sketch #115.

4. Investigation continuing,case ACTIVE.

INVESTIGATION: HOMICIDE OF VIRGINIA VOSKERICHIAN

SUBJECT: LETTER SENT TO [redacted] C/O WCBS-TV, NEW YORK, N.Y. 10019 POST-DATED BRONX N.Y. PM 14 MAR. 1977

[redacted], WCBS-TV News, [redacted] West 57 TH Street, N.Y. 10019 received a letter printed on plain white stationary 6" X 9" and signed scared. Contents of letter is as follows:

Dear [redacted],

I believe I have some vital information regarding the shooting of that girl by that maniac in forest hills. I didn't want to contact the police, so I'm writing you.

That particular evening I emerged from a friend's house in the area, when I noticed a man running in my direction.

At first I didn't pay much notice until I saw him clutching what appeared to be a large pistol in his pocket. I'm and elderly woman and this was frightening.

As he passed by me he appeared startled and muttered something in spanish. He appeared [redacted] to be about 5'8"-9", medium build, with close set eyes and rather bushy eyebrown. His hair was not black, but a rather dark brown, also he had a sizeable cut on his lower lip. I remember these things because I've been the victim of mu gings and their facial features I never forget.

I hope this letter will be of help to the police, because it will be my last contact with anyone about the case.

P.S. He seemed to be in his late teens or early twenties, good luck.

HOMICIDE: DECEASED, VIRGINIA VOSKERICHIAN F W 20 YRS.

Subject: RE-INTERVIEW OF [redacted] 77th ST.

1. On this date, along with Det. Tolan, 15 H/Z, I interviewed the above named person. He had been previously interviewed and reported on D.D. 5# 121. [redacted] States that he is not positive of the address on Yellowstone Blvd., he could be a couple of numbers off, but he is sure thta it was between Fleet St. & Groton St. He further states that when he walked up the front stairs, he saw some concrete flower boxes at the top of the stairs. When he got into the house, he talked to a male, white, whom he described on DD 5# 121. When he first got into the house, this male was cleaning a pistol, which he then loaded. [redacted] told him that he had been in Army Ordinance, and knew something about guns, and advised him to put the gun away. The male then showed [redacted] his collection of hand guns, which were in a case in another room. He was especially proud of a matched set of .44 cal. pistols.

2. [redacted] said that while he was talking to this person, he felt leery. He told him about his mother dying when he was young and leaving him alone, and now his wife was sick and he was afraid she was going to die and leave him alone again. [redacted] never went back to this location again. He states thatwhen he saw the composite sketch in the newspaper, he thought it resembled this person.

Subject: RE-INTERVIEW OF [redacted] DARTMOUTH ST.

1. As originally reported on DD 5 # 89, [redacted] stated that on date of occurence at about 1935 hrs., she was standing in front of the Forest Hills Stadium, on 69 Ave., when she saw a male youth running on the north side of Dartmouth St. heading west. She did not get a good look at his face. She just states that he was young, about 5'9" or 10", clean shaven, wearing a knit hat.

On this date, along with Det. Simon 15 H/Z, I re-interviewed [redacted] at her residence, and showed her a copy of composite sketch # 115. [redacted] states that although she did not get a good look at this persons face, she does not think that he would have a face as chubby as the one in the sketch. She remembers this person as being slim.

2. [redacted] states that it is possible that in her subconscious mind she might have a picture of this person, and she further states that if it was possible for a hypnotist to bring this out, she would be willing.

INVESTIGATION: COUNTY OF VIRGINIA VONNERICHIAN

SUBJECT: INVESTIGATION OF TWO REPORTED THEFTS OF .44 CHARTER ARMS PISTOLS

On this date I went to the 108th Precinct to obtain reports of the investigations of two separate thefts in 1974 of .44 caliber Charter Arms Bulldogs. The first was reported on 4/25/74, complaint report # [redacted], 108th PIU case # 469, Det. McClancy assigned; the second on 7/18/74, complaint report # [redacted], 108th PIU case # 944, Det. Henderson assigned. Both were stolen from the United Parcel Service shipping branch located at [redacted] 56th Road. Both cases were closed with negative results.

I visited the UPS branch and interviewed Security Manager [redacted]. Identification of the persons committing either theft is virtually impossible. The branch handles 350,000 pieces of merchandise per day, each item brought in by large vans and unloaded, passing through a number of employees and sorted for re-loading onto another truck for further shipment. Although the trucks are sealed at the point of departure, theft is possible at that point before sealing. The seals are broken upon entering the UPS grounds and then driven to any one of eight buildings (all adjacent) called "fingers". Each "finger" contains 20 loading/unloading bays. Three or four employees then unload the truck (containing about 2,500 pieces) onto a central conveyor belt which travels around the center of the complex and numerous employees line this belt. They in turn sort the packages (color-coded tickets determine destination area) into numerous bins located behind them on a carousel (the size of which is such that one rotation of the carousel takes 28 minutes). If the items have not been sorted into the wrong bin (one in five is mis-sorted), each bin empties

onto a particular conveyor belt for shipment to a given geographical area. These belts are also lined by employees who further sort the boxes onto trucks destined for the item's location. Mis-sorted packages are placed on a return belt which buses them back onto the central belt. One dishonest employee, who was caught, was observed opening a box, removing 50 Bulova watches, and re-sealed the box in 1½ minutes.

Regarding the first theft in April, 1974 - The revolver, serial number [redacted], was being shipped from the Hialeah Range and Gun Inc. Co. [redacted] East 10 Court, Hialeah, Fla. to the Charter Arms Co. in Bridgeport, Conn., reason for shipment unknown. At 1230 hours on 4/24/74, a report was made by [redacted] of UPS of the theft, which indicated that a line supervisor had found the empty box on the Connecticut conveyor belt just prior to its re-shipment to Connecticut.

Regarding the theft in July, 1974 - The revolver was being shipped to Charter Arms by the S.C. Wks. Inc. Co., [redacted] Hartsville Rd., Darlington, South Carolina, for repair of a broken Star (Hole in Star was drilled off-center). As in the first instance, a line supervisor found the empty parcel on a conveyor belt (location - secondary four bottom belt).

Both incidents were investigated by UPS Security without results, total numberx of conveyor belt employees - 800.

SUBJECT: INTERVIEW OF [redacted] RE: AMMO FOR 44 SPL.

1. On 3/28/77 at about 1300 hrs. interviewed the above at the reception room of the Men's House of Detention in Queens. The subject hadbeen arrested on 3/27/77 in the 103 Pct. by P.O. Reever for assault and possession of a weapon in that he did shot a 30/30 rifle at his girlfriend. Found with the rifle was four 44 Cal. Spl. rounds. [redacted] is a M B 29 and states he lives with his mother at [redacted] Nashville Blvd. When questioned about the 44 Cal. rounds he states that make believe a guy had a gun to fit those rounds - he would have bought the rounds in a store - but just make believe and if he had the gun up until the end of last summer he would have given or sold it to a black man - the thing I never did shoot - I don't think it ever worked. No it was not a big gun but could not say how small and if it only held five rounds and could not say what name was on it. He futher states that the 44 Cal. rounds could have been found as I told him but he understood we were not looking to further prosecute him for the pending case or the rounds. He states in no way did the gun he may have had went to a white man.

Investigation: Voskerichian

Subject: TELEPHONE CALL 197 RELATIVE TO "SIMILAR TYPE" KILLINGS IN MIAMI

1. On March 17th, [redacted] Benchley Place Bronx called this department and said that Miami Florida Police were investigating the murders of two women which may be similar to our investigation. I interviewed [redacted] and was informed that she had a copy of the New York Post's article dated August 28,1975 relative to a "modern Jack the Ripper." [redacted] sent the article to me.

2. On April 6,1977, I contacted Detective Chuck Major of the Dade County Sheriff's Office and discussed the news article. The murders in Florida were positively sex related, the modus operandi was not the same, a knife rather than a gun was used, the women were abducted from a shopping area parking lots, their vehicles were rented, vehicle tires were slashed. The newspaper article inferred that a string of such murders throughout the country were possibly committed by the same person but no conclusive connection could be made by the police.

3. For intelligence purposes an exchange of information will be made by myself and Detective Major relative to these matters. Major also suggested contacting Clay County Sheriff's Office and Broward County Sheriff's Office regarding arrests and/or investigations they made concerning shootings of females.

Case active...matter to be followed up.

INVESTIGATION: HOMICIDE-VIRGINIA VOSKERICHIAN
SUBJECT: INTERVIEW OF [redacted] 130 St. TEL [redacted]
CONTENTS: INFORMATION RECEIVED ON ACTIVE COMPLAINT # [redacted]/102PCT.

1. On 4/9 at 1215 hrs., I received information from Det. Burke, assigned 102 PIU regarding above case with folowing facts.

2. Complainant is [redacted] 130 St. and she stated that at or about 1800 hrs., on thursday 4/7/77 she observed a man behind her as she attempted to enter her house from side entrance. She further stated that she had come from train station at 132 St., & Jamaica Ave., and proceeded home in rain. As she was unlocking her door, she observed a male description below, behind her. He was coming behind her as she was entering her house but her German shepherd was at entrance and started to growl at man. He then engaged [redacted] in conversation telling her she was pretty enough to be a model and was she interested in same as he was with model agency. When she asked for business card, he stated that, he didn't have any and would return at later date to speak to her husband as most husbands objected to wives doing modelling.

3. [redacted] was shown sketch #503 of 12/9/76 of complaint # [redacted]/105 Pct. and she said that he resembled sketch pretty much but wa wearing gold rimmed glasses that looked like prescription type. She is not sure if hair color was dirty blonde or light brown due to weather condition of rain on that date. She is pretty definite that she could identify if seen again and is willing to go to Miraquik on Monday due to Easter holidays. Her husband is Housing patrolman in Brooklyn. Subject at all times kept hands in pocket. (OVER)

Subject: INTERVIEW OF [redacted]

1. On this date, along with Det Tolan 15 H/Z, we interviewed the above named person at her residance, [redacted] Ingram St. Tel. [redacted]. She had originally called on 3/11/77 at about 0905 hrs. She states that on the day prior to, or the day of the Voskerichian homicide, she was walking to her home from the subway station, on Continental Ave. & Qns. Blvd. The time was about 1630 hrs. - she was walking west on Continental Ave. towards Metropolitan Ave. She noticed a dirty,dark green, compact auto, not new, travelling the same direction that she was walking. The auto was going very slow, and the operator was looking both to the left and right, and he seemed to be just cruising the area. She describes him as M W 25-30, dark hair, and when I showed her a copy of artists sketch # 114, she said that it looks like the man in the auto. When she got to Harrow St. she made a right turn toward her home, and she thinks that the auto continued down Continental Ave.

HOMICIDE: VIRGINIA VOSKERICHIAN F-W-19
SUBJECT: 15 HOMICIDE ZONE TELEPHONE MESSAGE FROM QDA # 243 RE: BUFFALO N.Y.

1. On April 17,1977 at 1100Hrs a telephon call was received at 520 9200 Q.D.A. from one [redacted] regarding similar shooting incidents occurring in Buffalo N.Y. approximately one year ago.

2. As aresult of this call,the undersigned contacted Detective William Klaus of the Buffalo N.Y.P.D. Homicide Squad. Det. Klaus confirms the information provided by [redacted] as follows: The Buffalo area has had a series of seven(7) incidents where young women have been shot while sitting in autos in side streets. However, all except one of these women were Black and the weapon used is a .38 Cal. Colt revolver. The perpetrator is described as a Male Black who always shoots the victims in the groin area. The speculation among the detectives involved in the Buffalo cases is that the perp. rides around an a bicycle when he does the shootings. The dates of the Buffalo incidents are as follows: 4/17/76,5/6/76,6/26/76, 7/9/76,7/17/76,7/24/76,9/11/76. All but two of the shootings occurred between Midnight and ~~0300Hrs~~ 0415Hrs. The other two shootings occurred at 0620Hrs. and 2245Hrs.

3. It is the opinion of the undersigned that the facts in the Buffalo case are disimilar to this case and are of no value at this time.
