HOMICIDE V. SURIANI 4-17-77 BOROLOG# 1054

On the date of this report the undersigned went to the Office of Dr. [redacted] with Miss Jody Valente a witness in this matter and she was interviewed by him to see if she could be hypnotized. After his interview he informed the undersigned that in his opinion she could. At that time Sgt. Digget Ek. Det. Area brought the subject into another room where the procedure was begun. Under the procedure she stated basically what she has said on numerous occasions to the undersigned. Sgt. Digget thought that she should have a rest have lunch and return again. His instructions were followed and then after lunch she went through the procedure again. At this sitting she was hypnotized with a different method and she went deeper into sleep and after telling the events again she was asked if she could see his face, she stated "Yes but I don't want to remember". The procedure was terminated and Sgt. Digget suggested to the undersigned that she be brought down a different day. It is the opinion of the undersigned that she is more relaxed when she is not in the company of her boyfriend [redacted] but she would not have agreed to go on this date without him. The subject is about to get married and is now preoccupied with her own life. The undersigned will attempt to reschedule the procedure again and will attempt to have her go unaccompanied.

INVESTIGATION: HOMICIDE OF

SUBJECT: ARREST OF A MALE WITH A .44 CAL. CHAPRER ARMS BULLDOG.

CONTENTS:

- At 1830 hours this date I called Miraquic to check if a male named [redacted] of [redacted] was in the system. This name came to the attention of this department through a telephone message to Sgt. Coffey.
- During this investigation it was determined that the only male by the above name in the Miraquic System is a male, black, 34 who lives at [redacted], N.Y. Subject was arrested for burglary in 1974.
- Detective Manning at Miraquic also informed me that the same subject was arrested in March of 1977 but the only information available was that the subject was arrested for assault in the 103 Pct.
- Since the subject is a black he does not fit the characteristics of the possible perpetrator of this homicide.

INVESTIGATION: HOMICIDE OF SURIANI

SUBJECT: INTERVIEW OF MR. AND MRS. [REDACTED] AND THEIR DAUGHTER, [REDACTED]

CONTENTS:

1. At 2030 hours this date Detective Wallace and I visited the residence [REDACTED]. This is the residence of the above named person. After questioning [REDACTED] about her conversation in telephone message #162, she stated to me that she had heard her mother talking at home and had gone to St. Raymonds School and repeated what she heard to several girlfriends. What she said was in turn repeated in part by [REDACTED] to P.O. Ruggiero.

2. [REDACTED] further stated that she did not mean anything that she said and did not know that her daughter was going to repeat what she had said. I asked her what her older daughters name was and what her exson-in-laws name was. [REDACTED] refused to give this information and stated that we would have to get this information from another source because I didn't believe that her exson-in-law was involved. An attempt was made by the assigned officer to make this family realize the seriousness of this matter, but both the mother and the father refused to give any additional information about their family.

3. It was learned that the marriage of [REDACTED] daughter was annulled two and a half years ago and that they both were seeing each other again.

Complaint: HOMICIDE SURIANI & ESAU
 SUBJECT: TELE. LOG#

1. On Thursday, April 28, 1977 at approximately 1500 hrs I interviewed Mr. [redacted] of Security 76, tel. [redacted]. Mr. [redacted] states that he has a security guard working for him that fits the description of the killerz in this case. He further states that the guards name is [redacted] M W 26 D/O/B [redacted] of [redacted]. He is 5'10" tall and weighs 160 lbs., has dark brown hair and a mustache. He started work for the security company March 1, 1977 and prior to that he had a full beard that he had to shave the beard off as a pre requisit to working at that job. He spends a lot of time by himself and reads plenty of gun magazines.

2. Personnel records show that on 3/8/77 he was off and on 4/17/77 he worked his normal tour, 0800 to 1600 hrs. He works as a guard at the Kips Bay Methadone Center at 411 E. 69th St. NYC.

3. Due to the fact that the subject, [redacted], had a full beard and mustache up untill 3/ 1/77 and a mustache up to the present I feel that he can be eliminated as a suspect in this case.

CASE ACTIVE.

HOMICIDE: SURIANI - ESAU.

On this date the undersigned with Det. Mersenson interviewed [redacted]. She stated in her initial communication that she thought [redacted] her brother could be the person wanted in this case. After interviewing Miss. [redacted] it was learned that she has not gotten along with her father and brother since she started going out with her current boyfriend, [redacted]. It was also learned that she has had her father in court to get support. It is the opinion of the undersigned that the subject of Miss [redacted] communication, [redacted], is not connected with this case and that [redacted] any police action with [redacted] would only serve to [redacted] harass him on behalf of his sister.

HOMICIDE OF V. SURIANI F/W/18 4-17-77 BORO LOG# 1054

On the date of this report the undersigned in the company of Det. Paul went to [redacted] to interview a [redacted] to see if she had any information. While conducting this interview her son M/W/28 D.O.B. [redacted] appeared from the bedroom and requested of assigned our identification and asked numerous questions as to the reason the assigned were present. His mother had previously stated that her son was an agent with the U.S. Treasury, but was no longer working with them. When [redacted] was spoken to he stated that he had just received his private detectives license but did not claim any other means of support. He fur-seemed to be highly suspicious of the assigned visit. The visit was conducted due to the fact that an anonymous phone call was received by this command stating that he was weird and that he was good with handguns. It is the opinion of the undersigned tht this subject does behave strangely and the assigned will check further into the subjects background to ascertain any connection with this matter. The subject lives across the street from the location where the assigned detectives observed painted on a brick wall "SAM MorW". This was photographed by Forensic section and a copy of same in the case folder.

OPENED CLOSED

MURKIN - SURIANI & BRAC:

On 5/2/77 the assigned was assigned to Night/Watch at the 8th Homicide Zone.

At about 0300 hrs. and 0530 hrs, a telephone call was received on [redacted] from a male (MPO) who stated that he may know who the "M. Cal." murdered might be. He then stated that he is a out-patient at Ex. State hospital, Methadone Program with the suspect. A day or two ago the suspect told him that his girl broke up with him after going together for 3 yrs. and he hates all women and wants to get even with them. He then ~~showed~~ showed the caller a gun under his jacket in his waist-band. The caller then hung up with no other information.

About 0500 hrs the caller again called and told the assigned that he the assigned had hung up on him, instead of the other way around. The caller then repeated the above information with the additional information that the "suspect is" [redacted], MW 25, 5'10", 160 lbs, Blond Afro, and resembles the photo in the the newspapers. The caller then hung up again.

At 0620 hrs, Det. Moston, 7th H/Z, called and conferred with the assigned relative to a telephone call that he had received at the 7th H/Z, apparently from the same caller as above, who told him he would personally appear at the 7th H/Z.

At about 0640 hrs, Det. Moston called the assigned and advised him that the caller was at the 7th H/Z. The assigned then responded to the 7th H/Z and picked up the caller, after conferring with Sgt. Eberhardt personally at the 7th H/Z, and brought the caller to the 8th H/Z.

The assigned then interviewed the caller at the 8th H/Z; he stated that he was [REDACTED] he was a patient at the Polydrug Program, Ex. State Hospital as a out-patient, and that he lived alone. He was an ex-judice and was now straight on methadone.

He stated that he met the suspect "[REDACTED]" a couple of days ago and he feels that this other "[REDACTED]" is the .44 Cal. suspect. He further stated that the other "[REDACTED]" told him his girlfriend fucked him around and now he hates all women, and will get even with them. He then showed [REDACTED] a gun (MFD) in his waistband under his jacket. He described him as MW 26, 5'10", 160 lbs, Blond Afro and looks like a photo he saw of the suspect in the N.Y. Daily News.

The assigned asked him for identification and also to allow a polaroid to be taken of himself, but he stated that he had no identification and that he didn't wish to have his photo taken. He agreed to accompany the assigned to Ex. State Hospital and would point out the suspect.

The assigned with [REDACTED] and Det. J. Smith, 43 PIU, responded to the rear of one of the Ex. State Hospital buildings. [REDACTED] went in and stated that he would bring the suspect out under a pretense. After about 20 minutes, [REDACTED] came out with one [REDACTED], MW 27, [REDACTED] also a inmate, out-patient of the same program. [REDACTED] advised the assigned that the suspect "[REDACTED]" had left about 20 minutes before we arrived thereat. The suspect "[REDACTED]" had already had counsel, no methadone and left. [REDACTED] stated that the suspect "[REDACTED]" had also showed him a gun under his jacket, in his waistband on 5/3/77 at Ex. State hospital.

Both [REDACTED] & [REDACTED] advised the assigned that they would cooperate in the future in identifying the suspect "[REDACTED]". They both received the assigned's telephone number and also the telephone number of the 8th H/Z. They were also advised that they would probably be visited or contacted by other members of the P.D.

At 0915 hrs, 5/3/77, assigned advised Det. DiPietra, Cns/Bx. Homicide Task Force per telephone of this matter.

HOMICIDE OF V. SURIANI A. ESAU

On the date of this report the undersigned was contacted by Agent A. Gruber F.B.I. and he stated that he had a confidential source of information that names [redacted] as the perpetrator in this matter. This person is known to the undersigned from former homicide investigations. The informant states that the reason that the first two girls were shot was that they were witnesses to a homicide that took place in front of [redacted] [redacted], and the other girls were shot by [redacted] to cover up the original shootings. This information was given to the assigned detectives from another source approximately 4 mos. ago and it was followed up by reinvestigating the family of the deceased Lauria and it was ascertained that the father and mother who normally go to the place of occurrence on a Friday night were not present the night that [redacted] was slain and neither were the two girls. The informant also speaks of an argument that the father of the deceased had in the Lounge of the place of occurrence and this fact was true but it took place [redacted] before the [redacted] murder. Although the subject [redacted] is capable of murder and in fact is suspect in many at this time, it is the opinion of the undersigned that he did not take part in any of the murders being investigated in connection with the .44.

On 5-5-77 at about 0150 hrs P.O. L. Sullivan #8846 & P.O. P. Madigan #23268 both of the 109th Pct. Observed a M/W/ sitting alone in an auto in a "Lovers Lane" at Booth Memorial Ave. & Parsons Blvd. They approached him and asked him to identify himself, noting that he resembled one of the composite sketches of the perpetrator of this homicide.

This male identified himself as: [REDACTED] M/W/30 of [REDACTED] D.O.B. [REDACTED]. The auto he was driving was a 1966 Green Ford Reg# [REDACTED]. When asked by the officers where he was employed. He produced a U.N. identification card and stated that he worked at the Soviet Mission.

A check with the Security Dept of the United Nations reveals that [REDACTED] is employed by the [REDACTED] Maintenance Corp. as a Porter and he work at the united nations building in that capacity 5 days a week with Monday and Tuesday off. His hours are 1700 hrs to 0030 hrs the 5 other nights of the week I interviewed a Mr. [REDACTED] who maintains the time records of the porters He states that Mr. [REDACTED] was at work on 11-26-76 between the hours of 5:00PM and 0030 hrs on the 27th, of November 1976, and on January 29, 1977 from 5:00 to 0030 hrs January 30, 1977.

Mr. [REDACTED] assures me that these time records are strictly supervised by the UN Security staff over and above the supervision of the [REDACTED] Handyman Corp. Since Mr. [REDACTED] was at work and quite a distance from either of the locations of the above shootings on the above mentioned dates, it is very unlikely that he is the perpetrator of this crime.

Subject: Interviewed [REDACTED] (#426).

1. Det. P. Tedesco and I were present at Rikers Island Womens House of Detention to interview [REDACTED] F W 33 (DOB [REDACTED]). Ms [REDACTED] told us she had been convicted of Grand Larceny (bad check).

2. Ms [REDACTED] stated that about two weeks ago she received an unsigned letter at her present location. She thought we might be interested in this letter because the writer mentions that he is going to get some people with his 44. The letter was printed. Since the letter was printed we asked Ms [REDACTED] for it. She gave us the letter, which is being sent to the Documentation Section for analysis and comparison.

3. The letter itself refers to a bank robbery that took place in Queens about two years ago and Ms [REDACTED] was a possible suspect at the time. Other than the fact that the writer refers to a 44 this letter has no bearing on this investigation. Ms [REDACTED] claims she does not know the identity of the writer. I believe she does but did not press her at this time.

HOMICIDE OF V. SURIANI & A. ESAU

On May 19, 1977 the undersigned in the company of Det. Paul went to Hudson River Psy. Center, Hyde Park, N.Y. and had a conference with Dr. [redacted] and Dr. [redacted]. They were shown the contents of the letter left by the wanted subject in this matter and an evaluation of the type of person we are seeking was made by them. They stated that he is probably young about 20 to 25 years of age with a High School education. They feel that the contents of the letter are not meant to lead the police on a wild goose chase but that was written was what he actually felt at the time of the writing. They also stated that the person is mild mannered and subjects himself to authority. The directors further stated that they would peruse thier files in an attempt to ascertain the number of patients that could possibly fit into the category of the person being sought. When and if there is any information they will contact this office by phone.

On May 19, 1977 the undersigned in the company of Det. Paul, went to the Mid Hudson Pscy. Center, and attended a meeting of the staff, headed by the director, Dr. [REDACTED]. At the meeting the doctors were apprised of the contents of the note left at the scene of the last homicide. They also believe him to have a problem with a sister either she is dead at his hand or by omission or by a strong, ~~sexie~~ cruel, alcoholic father. They further state that they will attempt to search there records for any patient past or present that may fit this profile and tehn notify the assigned detectives of thier findings so that the proper court order can be obtained for disclosure of the info nation.

CASE ACTIVE HOMICIDE INVESTIGATION (.44 Cal. Killer) D/OCC. 4/17/77
 COMPLAINANT: PSNY BRONX COUNTY

On 5/29/77 I was assigned to a 2000 hour to 0400 hour (5/30/77) tour in the confines of the 45 Pct. I was assigned with P.O. Robert Mills, also of the Bronx Arson Task Force. At approximately 0100 hour we observed a M W appx. 30 yrs. of age, Med build, sandy to blond hair, wearing either a Truck Driver's uniform or a utility uniform, blue in color with a circular patch on his left shoulder arm. At first the subject appeared to be with a passenger, which proved to be the back rest of the front passenger seat. The subject was in a 1973 yellow Mazda Ranch Wagon, Reg. [REDACTED] (NY) and was parked on the Hutchinson River Parkway East. Approximately 30 - 50 Ft. to his left and diagonally to his auto was an on ramp to the Hutchinson Riv. Pkwy which leads onto the Whitestone Bridge. This location is in close proximity to the two prior homicides attributed to the .44 Cal. Killer. We pulled along side of the subject's auto and I asked him "What are you doing parked here". In a congenial manner he responded "I just got off work and I'm having a sandwich". He then displayed what appeared to be a sandwich on a roll or a hamburger wrapped in a store type bag. I told him "you picked a bad place to park, buddy". He smiled and replied "yes, I know it.". Having made a mental note of the subject's registration plate, I entered it into our computer toward the end of our tour. The auto is registered to one [REDACTED] M W 5' 9", [REDACTED], N.Y. The auto is a 1973 Mazda subn., Yw. (Print - out sheets attached)

On this date at 1710 hour I telephoned Sgt. A. Howard, Cns. Hom. T.F. and informed him of the above.

In view of the aforementioned, request this case remain active.

HOMICIDE OF V. SURIANI & A. ESAU

On the date of this report the undersigned received a phone communication under Job# 850 stating that the perpetrator in this matter is one [REDACTED] M/W/35 who in 1972 murdered his mother. The undersigned went to the 9 H/Z office and pulled the folder from the original ~~substitution~~ case and pertinent information taken. The undersigned then went to Ex. State Hospital and interviewed Asst. Dir. [REDACTED] and [REDACTED]. I was informed that subject came to their facility from Mid-Hudson Hospital in January 1976 and entered treatment in building # 36 which is a minimum security ward. Dr. [REDACTED] further states that he does not believe that the patient had a gold card which places him in the trustee category. Dr. [REDACTED] does not state that from November 1976 to March of 1977 he knows that the patient was in maximum security I.C.U. care in building # 6, and is sure that ~~there~~ he could not be missing for any length of time without them knowing it. The undersigned obtained the subjects B# and a comparison of his prints to those on file will be made.

Job# 903

Fr. [redacted] of St. Benedicts R.C. Church, Bronx NY states that about 6 weeks ago he had a conversation with one [redacted] M/W/30's of [redacted] Bronx, Mr. [redacted] is an Auxilary Policeman in the 45th Pct. The conversation with Fr. [redacted] concerned another Aux. P.O., one [redacted] Mr. [redacted] had a date with her and when she didn't show up he went to her house. His knock on the door was answered by a Black man who is [redacted] Step-Father. Mr. [redacted] was apparently upset by this turn of events and wanted to know from Fr. [redacted] if he had any additional information about her.

I conferred with the officer in charge of the auxilary police unit in the 45th Pct. and he stated that [redacted] has been a member of that unit for the past 4 years, and he does not look like any of the composites of the perpetrator of this crime.

In view of the above it does not appear that Mr. [redacted] is involved in this Case.

~~PLUMOUTH~~

On 6-29-77 this office recieved a communication from a Sgt. Covello of the Connecticut State Police stating that a [redacted] of NY's Channel 5 news called the Plymouth, Conn. P.D. inquiring about an [redacted] of that city, in connection with the "SON OF SAM" case.

I contacted Mr. [redacted] at [redacted] (WNEW-TV) and he stated that sometime in the latter part of June he recived an anonymous telephone call from a male who told him that he had gone to school with an [redacted] in [redacted] and that he looked like the composite sketch published in the news.

I contacted Sgt. Covello of the Intelligence Section of the Conn. State Police who stated he lived in the town of plymouth and the police in that town notified him of Mr. [redacted]'s request. He immediately notified this Dept.

Sgt. Covello further states that he ran the [redacted] name thru his BCI and shows no record for anyone under that name. He is a longtime resident of Plymouth and knows no one that would match the profile of our perpetrator.

SUBJECT: INVESTIGATION OF [REDACTED] OF [REDACTED] NYC JOB #1475

1. On August 5, 1977 two females, who wish to remain anonymous, walked into the Homicide Task Force office stating that they had engaged in conversation with one [REDACTED] of [REDACTED] and he resembled the composite #503. Said person had also stated to them that he hated all females. [REDACTED] also told them that he saw nothing wrong if a person had killed as long as it made that person feel good about it.

2. On August 6th, 1977 at about 5:30 P.M. Detective [REDACTED] and [REDACTED] had been visited [REDACTED] and observed [REDACTED] come out of the premises. He was known to be [REDACTED] by the clothing that he wore as it fitted the same description as given by the two female complainants. He was kept under the surveillance for approximate two hours and he was only loitering on the corner of 86th Street & First Avenue, location where he lives. Numerous persons were interviewed concerning [REDACTED] and all stated that he was on a methadone program and would frequently be found loitering in the neighborhood. All stated that he was very harmless and not too bright. He does not own or operate an automobile. The assigned detectives had observed [REDACTED] from a very close position and he does not resemble any of the sketches of the 44 killer, including the latest one, sketch #301. Also information received from the interview of various persons in the neighborhood determined that [REDACTED] did not fit the profile of the 44 killer.
