STATEMENT BY GLENN GIETZEN REGARDING HIS INTERVIEW WITH  
JEFFERY ALLEN SLOAT, DOB 02/17/55.

On Thursday, February 23, 1978, at 1330hrs. I interviewed  
Jeffery Allen Sloat, DOB 09/17/55, social security No. 575-76-2868,  
from 5th Ft. Sqad., Minot AFB, home address 909 Soo Street  
Apt. 2.

Jeffery Sloat informed me that on September 15, 1977, the  
deceased John C. Carr, had moved into the apartment with  
Mr. Sloat and lived with him for approximately five months.  
They had known each other since July, 1975, when they met at a  
party. Sloat was using him as a contact to buy his drugs.

Jeffery told me that John Carr used commercial marijuana from  
moderately to heavily; and he sold to quite a number of people  
in the Minot area.

According to Jeffery Sloat the last time he saw John Carr alive  
was on January 27, 1978, when John departed 909 Soo Street in  
a blue 1971 Mercury leaving for New York.

Jeffery told me that he was under the impression that John was  
going to stay in New York until August and then come back to  
complete his schooling. It was quite a surprise to Jeffery  
that he had returned back to North Dakota on the 14th.

Jeffery stated that during the time they lived together John  
had left in the summer of "77" for three weeks, at that time  
he stayed in New York. He also left in December of "77" and  
was gone between 2½ - 3 weeks, presumably leaving for New York.  
He stated to me that John Carr talked alot of Berkowitz, alot  
of Son of Sam and talked alot about his dog Berkowitz had shot.  
When asked for particular details Jeffery informed me that it  
was mostly just small talk until after the dog was shot, then  
John expressed fear for his family. Jeffery remembered John  
saying that his family received a threatening phone call shortly  
after the dog was shot.

Jeffery was instrumental in committing John in a mental institu-  
tion; and when questioned why he had done that, he stated, "all  
the time he lived with me he acted very crazy". When asked for  
particulars, he stated John would run around beating on the walls,  
breaking glass, and screaming something that was incoherent.  
John conversed quite often with Abraham Lincoln through a picture,  
carrying on lengthy conversations with the past president. He  
would write all over the walls the letters "XXO and XOX". This  
was some kind of symbols John had. He would also write "there's  
only 32 days in a month so to hell". Several times he showed  
violence, but he never really hurt anybody. Jeffery also stated  
that John Carr was an animal lover and he always got along good

with his pets and it bothered him quite a bit when his dog had been shot by Berkowitz.

Jeffery told me that John had made numerous phone calls to New York on Jeffery's phone; and he has somewhere the phone bill. He is going to dig it up and bring it into me.

At approximately 1500hrs. the interview ended.
