

TO: LT. HENDRICKSON
FROM: SGT. SMITH
RE: SGT. JOHN CARR
DATE: FEBRUARY 21, 1978

At approximately 0715 hours on October 16, 1976, I was called to the emergency room of St. Joseph's Hospital. Upon my arrival, the above-named, young man was strapped down to one of the tables, and he was hallucinating quite badly. Sgt. Flesch and a couple of other officers from our department were there along with at least one member of the Ward County Sheriff's Department.

We tried questioning the young man, but we had trouble trying to understand his answers. We were able to learn one thing and that was he was with Phillip Falcon the night before at the Falcon's Nest celebrating an Ella Van Berkomp victory party, because on October 15, 1976, a Ward County jury found Phil Falcon not guilty on four separate counts of delivery of a controlled substance. The young man had in his possession \$1970.38 that was turned over to me by Sgt. Flesch because at that time we felt that possibly this money was related to drugs in some way. The money was all itemized, and I still have the envelope in my possession.

Approximately two days later I learned that Mr. Carr had been discharged a short time prior to this incident from the United States Air Force here in Minot. It was just a day or two after that that Mr. Carr was released from the hospital and after learning from the U.S. Air Force that this was discharge pay, the money was turned over to Mr. Carr.

Within 10 days of this incident, Mr. Carr's sister (I do not recall her name at this time) who is a police officer in the state of North Dakota and it appears that she has been for some time, came to Minot and we visited about her brother. It appears that Mr. Carr has been involved in the use of illegal drugs in the past.

I have no other information at this time to add to this report.
