Patrolman Como informed me that Wheat Carr had asked him to supply her with re-loads for .45 calibre or .44 calibre, .38 calibre and another calibre about a year ago for her father. It is to be noted that Patrolman Como re-loads ammunition but never did get her the ammunition requested.

A Department of Motor Vehicles check shows that Michael V. Carr has a Class #5 license, resides at 316 Warburton Avenue, Yonkers, New York but has no vehicle registered to him.

Detective Getson further stated during this personal conversation with the undersigned that JOHN C. CARR was known to be a member of a satanistic occult group in his jurisdiction that was drug oriented. He (CARR) made statements to Detective Getson that part of the ritual was drinking the leader's urine. This ritual, according to Detective Getson was satanistically oriented.
