October 29, 1979 at 2:20 in the afternoon, we're at 316 Warburton Avenue, Yonkers, New York. Present at this time is myself, Assistant District Attorney Herbert Leifer, Detective Investigator George Byrd, Shield 901, Queens D.A.'s Office, Wheat Carr, Louis Ecker, counsel for the Carr family, Frances Carr, Samuel Carr. We are present here with regard to an investigation involving David Berkowitz, John Carr. This is to elicit information with regard to the above-named individuals. We have previously spoken to Wheat Carr and there were some additional questions we had with regard to an incident which occurred in North Dakota. Now Wheat, when we had spoken to you on Friday you had said to us that you had not spoken to anyone in North Dakota since approximately October 5th of this year, is that correct?

WC: No, I said it was October 12th.

HL: October 12th.

WC: The day the stuff came out in the papers.

HL: Okay, now we have representatives in Minot, North Dakota as recently as this past Saturday who interviewed Linda O'Conner.

WC: Right.

HL: Linda O'Conner indicated to our investigators that they had had an hour and a half phone conversation with you, uh, as recently as uh, Wednesday of last week.

WC: I have been trying to locate them there.

HL: Have you spoken to anybody in Minot, North Dakota between today and last week at all?

WC: I spoke to Craig, her ex-husband I guess he is, trying to locate them. I don't really....

HL: Was that last week?

WC: It may have been.

HL: And did you have any conversations with Craig or any representative of the Minot newspaper with regard to our investigators in North Dakota?

WC: No one in the Minot newspapers, definitely not, and with Craig, the only thing I did ask Craig, I said do you believe this stuff and he said no.

HL: Was that possibly last week?

WC: Do you know when I called? (talking to someone else)

(Voice) Inaudible...

WC: Because I had been trying to get a hold of her. We had a number that was incorrect and then I had some difficulty trying to get it because the name I remember was Conner, not O'Conner, so exactly when I spoke to Craig I honestly don't remember.

HL: Did you speak to Terry Gardner at all last week?

WC: Uh, no, I did not.

HL: Now, was Michael a member of the Church of Scientology?

WC: Yes he was.

HL: Was, and could you just give us an idea how long he was with the church or Mrs. Carr or Mr. Carr.

WC: Four to five years.

HL: I see. And uh, we also understand at one time he worked for the Phoenix House in New York.

WC: Michael worked in Phoenix House? If he did I never heard about it.

HL: No connection at all with the Phoenix House?

WC: No, Michael's only jobs that I know of in New York City were connected with professional photography, commercial photography.

HL: A ha.

WC: The closest name to the Phoenix House you see was for Tony Petricelli and that was at the time he first started....

Voice) Tony happens to be a photographer.

C: Yeah, Tony Petricelli is a commercial photographer and that was at the time that he...

Voice) Inaudible...

: I never heard of such a name, I don't see how he had time.

rances Carr I think) Okay, I have never heard of that name.

: Never did any counseling through the Church of Scientology at the Phoenix House which is a drug rehabilitation center.

Nobody does. Scientologists do not work outside of their own building.

I see.

It's my understanding that they don't.

Do you know the location of the Scientology Church that he was affiliated with?

Inaud.... on 6th Avenue and 10th Street.

You had also mentioned that uh, you recall John mentioning to you the name of a friend of his who lived on Long Island, somebody he had gone to school with, Steve something or other, you have any recollection?

I didn't say Steve, I said the only Steve that I knew of...

Right

Was a Steve that he went to high school with, who I had no idea what happened him, I believe that he was killed in the service, but I don't know that to be a fact.

Cause you had mentioned something about a broker living on Long Island.

HL: Now, was Michael a member of the Church of Scientology?

WC: Yes he was.

HL: Was, and could you just give us an idea how long he was with the church or Mrs. Carr or Mr. Carr.

WC: Four to five years.

HL: I see. And uh, we also understand at one time he worked for the Phoenix House in New York.

WC: Michael worked in Phoenix House? If he did I never heard about it.

HL: No connection at all with the Phoenix House?

WC: No, Michael's only jobs that I know of in New York City were connected with professional photography, commercial photography.

HL: A ha.

WC: The closest name to the Phoenix House you see was for Tony Petricelli and that was at the time he first started....

(Voice) Tony happens to be a photographer.

WC: Yeah, Tony Petricelli is a commercial photographer and that was at the time that he...

(Voice) Inaudible...

WC: I never heard of such a name, I don't see how he had time.

(Frances Carr I think) Okay, I have never heard of that name.

HL: Never did any counseling through the Church of Scientology at the Phoenix House which is a drug rehabilitation center.

FC: Nobody does. Scientologists do not work outside of their own building.

L: I see.

! : It's my understanding that they don't.

Do you know the location of the Scientology Church that he was affiliated with?

Inaud.... on 6th Avenue and 10th Street.

You had also mentioned that uh, you recall John mentioning to you the name of a friend of his who lived on Long Island, somebody he had gone to school with, Steve something or other, you have any recollection?

I didn't say Steve, I said the only Steve that I knew of...

Right

- WC: His name is Larry Belello.
- HL: Larry Belello.
- WC: I said that he was the only other person that I could think of that John had visited during the times that he was here in the last three four years.
- HL: Do you have any idea where on Long Island he lived? Or the spelling of his name?
- PC: You want his address?
I have 34 Chucknick Boulevard, North Babylon, and it Bilello and his first name is Lawrence, very, very close friend of John's.
- HL: Uh, Mr. Carr, there was a blue Mercury Montego that John came down from North Dakota in.
- SC: Right.
- HL: That I understand was parked here for a long time until it was very recently sold.
- SC: That's right.
- HL: Do you recall what kind of license plates were on that car?
- SC: North Dakota.
- HL: You know what ever happened to them?
- SC: I have them.
- HL: You have them. Uh, could we have the license plate number.
- SC: Probably a few months because I had one at home.
- HL: When John came back from North Dakota in January of '78, we were advised that he had a gun with him, a .44 caliber colt pistol, was that ever found in the automobile or any papers regarding that in the automobile?
- (Voice) No.
- PC: I know where if he had guns, where he would have it, what kind it was.
- WC: The only gun I know about him having was a pistol, .22, air pistol I believe, I could be wrong, but it was .22, and he had that in North Dakota and his van was burglarized somewhere along the lines, somewhere out there, his apartment or something.
- PC: The van before this, he's talking about when he came back.
- WC: Yeah, I know, but I'm saying this is the only gun I have any knowledge of John having.
- HL: Now the automobile, do you have the plates there?
- (Voice) 462653, expiration date 3/31/78, tag number 565781.
- WC: Do you want to say the plate/^{number}again Daddy to see if you read it right.
- HL: Yes.

(Voice) The plate number again please.

SC: 462653.

HL: And that's North Dakota.

SC: Right.

HL: Was that car registered to John do you know?

SC: Yes.

HL: It was registered. Did you have a copy of the registration?
Did you have when you sold the car?

SC: Yes.

L: Was it to John C. Carr.

C: That's right.

C: You did?

J: Yeah. Cause I got a....

: Are you asking whether he had the registration, the original registration?

: Yes.

: Cause the police have his wallet, they have never returned it.

: No, I had a, there was a registration in the car.

: Do you recall what address was on the registration?

: It was a house in town, I don't know, I don't recall, there was a title on that car too and I had to send to North Dakota and I got copy of the title and I had it changed over from his name. I sent a copy of the death certificate and they sent me a copy of the title changing it over where I could sell that car.

: And who did you sell that car to?

: A colored family down here on Woodworth Avenue, I don't recall the name. The copy of the title, I had, I went out with them, cause he, to the Motor Vehicle Bureau and I showed them all the papers I had with the authorization from the State of North Dakota and they accepted that before I sold the car.

: Now before you sold the car did you go through it completely to see whether there was anything in it any of John's personal effects and the papers that he had?

: Yes. No papers except uh, copy that.. sheet registration from North Dakota.

: You have any pictures of John, we had seen some and Wheat had showed us some pictures of John but they were very small snapshots. You have any pictures of John standing up?

: No.

: Not standing up.

: Not full length.

(Voice) The plate number again please.

SC: 462653.

HL: And that's North Dakota.

SC: Right.

HL: Was that car registered to John do you know?

SC: Yes.

HL: It was registered. Did you have a copy of the registration?
Did you have when you sold the car?

SC: Yes.

HL: Was it to John C. Carr.

SC: That's right.

WC: You did?

SC: Yeah. Cause I got a....

FC: Are you asking whether he had the registration, the original registration?

HL: Yes.

FC: Cause the police have his wallet, they have never returned it.

SC: No, I had a, there was a registration in the car.

HL: Do you recall what address was on the registration?

SC: It was a house in town, I don't know, I don't recall, there was a title on that car too and I had to send to North Dakota and I got copy of the title and I had it changed over from his name. I sent a copy of the death certificate and they sent me a copy of the title changing it over where I could sell that car.

HL: And who did you sell that car to?

SC: A colored family down here on Woodworth Avenue, I don't recall the name. The copy of the title, I had, I went out with them, cause he, to the Motor Vehicle Bureau and I showed them all the papers I had with the authorization from the State of North Dakota and they accepted that before I sold the car.

HL: Now before you sold the car did you go through it completely to see whether there was anything in it any of John's personal effects and the papers that he had?

SC: Yes. No papers except uh, copy that.. sheet registration from North Dakota.

HL: You have any pictures of John, we had seen some and Wheat had showed us some pictures of John but they were very small snapshots. You have any pictures of John standing up?

SC: No.

FC: Not standing up.

WC: Not full length.

- HL: Or full face pictures.
- WC: Other than high school, I don't believe, other than snapshots, his high school picture is the only one, I don't even know where it is.
- HL: Wheat, you had mentioned that you had some samples of John's writing, a letter that he had written to you, do you have that?
- WC: I have a letter that he wrote from bootcamp someplace.
- HL: What was the name of the doctor who treated Harvey, your dog?
- SC: The chief at the New York Animal Medical Center.
- PC: I don't recall his name, Wheat might recall his name.
- HL: You know where, you don't happen to have the address of the hospital.
- SC: Down on 62nd Street and the East River Drive.
- HL: And the bullet is still in Harvey?
- SC: That is correct, very close to the heart. That's the reason we will not have it removed cause it could mean it could kill him.
- PC: He just asked you whether it was still there Sam, all he asked you whether it was still there.
- SC: Well, I'm giving him a reason why the bullet...
- PC: Well it is still there okay, it is still there.
- HL: When John used to come back on leaves from North Dakota or from any other military leaves, he was in the service about 11 years, did he have any close friends in town?
- PC: Here?
- HL: Here in Yonkers.
- PC: There was a young man he grew up and went to school with he went to school there and he ... till the 12th grade.
- HL: Yeah, I know, but were there any close friends that he visited with when he came home on leave?
- PC: The only friends he uh there's Larry Bilello that we mentioned and Richard Folk.
- HL: Richard Folk?
- PC: A ha.
- HL: Does he still live in town?
- PC: He lives in this area, he lives in Westchester.
- HL: What's that, Folk?
- PC: No, it's Focht.
- HL: And Richard?
- PC: Yes.

PC: Yes, and they went to school from the time they were in kindergarten.

HL: And, uh, you have any recent address?

PC: No I don't, I don't remember.

HL: Just somewhere here in Westchester County.

PC: Yes, he lives in Westchester.

WC: He finds us more often than we find him.

HL: Mr. Carr, ^{had} you ever seen David Berkowitz around the neighborhood?

SC: No.

HL: How about you, Mrs. Carr?

PC: No sir.

HL: And what the only time you saw him was when he was with Freddy in the car that day.

WC: That one day.

HL: Since this incident, have you ever had an occasion to speak to Freddy about Berkowitz?

WC: No. We haven't seen him since June, 1977.

HL: When did that incident happen that you believe Freddy was involved with your two dogs at the construction plant?

WC: That was in uh, early in the year, it was before Harvey was shot so it was early in the year.

HL: And what year was that?

WC: '77.

HL: Early in '77.

WC: That's correct.

HL: And that was never, that incident was never reported to the police or anybody?

WC: No, well started to make the report and he said well, too many people had access cause there were five keys so they said well forget it, it's just a dog, same thing they said when Harvey was shot, it's really just a dog.

HL: And who was the uh, gentleman that you were in the construction business with at that time?

WC: His name is Jim Faulkner.

HL: Jim Faulkner, and is he still around town?

WC: He's not here, he's now remarried and lives in New Rochelle, I don't know where cause he's married to a very jealous girl. He is, very honestly, a former New York City cop, was suspended and finally thrown off the job cause of an incident that occurred off duty five years before I knew him, so, you're gonna check him, that's gonna come out, I'd rather tell you than have somebody else.

- MC: Now we were told that at one time while you were working for the P.D. in Yorkers, you had made a request for a 1000 rounds of reloads.
- MC: What?
- MC: For ammunition for .44 caliber, .38 caliber, .357 magnum, and .22 caliber.
- MC: .44 caliber?
- MC: Yeah.
- MC: That's somebody's imagination working overtime, I do own a .357 magnum, I do own a .25 automatic and uh, we have several other handguns which I do go regularly and shoot and the reason... I may have asked somebody about the price of reloads, that's very possible, they're the cheapest thing to shoot at a target but never .44's, and I had no use for them.
- MC: No, you say you do have a number of guns, are they yours or your husband's or....
- MC: Uh, they are mine, they are, yeah they're mine, they're registered to me and/or my father, some of the ones on my permit are registered, are his and some are mine, they're on both permits.
- MC: Do you have any permit with you or available.
- MC: Not really, I don't even know where it is, its been so long since I carried the thing. Carried the gun or carried the permit, I don't know where it is off hand right now.
- MC: Was it at a regular carry permit?
- MC: It was a limited carry current employment only restriction and it has to do with the fact that I do transport large sums of money in connection with this business. The current employment had to do with ... inaudible.. got the permit prior to being involved, being employed by the police department.
- MC: And it was issued in the name of Wheat Carr.
- MC: Wheat Micheline Carr.
- MC: And Mr. Carr, do you also have a permit?
- MC: A ha.
- MC: And you have it with you also. Could we have the number on it please. How long you been licensed?
- MC: Was I 21, 21 when I got it. I think I was only 21,22, I'm not even sure of the original date, but I was on my own, that's about how old I was, in my early 20's.
- (Voice) You still have all these weapons?
- MC: I'm 29.
- (Voice) You have all these weapons?
- MC: Yep.
- MC: Some of them are mine really.
- MC: Some are mine.

*What daughter - why
why permit?*

HL: Do you shoot regularly at range?

WC: I haven't in quite a long time.

HL: Where did you shoot when you...

WC: Uh, the police pistol range in Elmswood, ^{road} ^{Deerstar,} hardly rather, Westchester County, Pistol and Rifle .. inaudible...

HL: Mr. Carr, how long were you licensed to carry a weapon?

WC: It should say on the permit.

SC: No, that's a replacement, the original permit.

(Voice) Could I ask you a question before we go on?

SC: Sure.

(Voice) Uh, I'm getting a feeling from the tone of these questions that....

WC: They're making me uncomfortable.

(Voice) Are these people the targets of any investigation are they suspects, or...

HL: No, the only reason the question about the guns came to life was that we heard something mentioned to us on Friday that she did have a number of guns and she did mention .357.

WC: I did not mention that to you. I did not mention anything about what guns I owned, I'm sure of that, if you got that, you got that from the Yonkers Police Department which is where the information on our permits is. I'm sure I didn't mention what I got. I don't recall that at all.

(Voice) Alright, alright, can I ask where this conversation will be going from this point on.

HL: Well, as we had told Wheat on Friday, uh, a lot of muddy waters have been raised as a result of things that have been published in the newspaper and uh, our office did not have an investigation going prior to the recent articles in the newspaper but as a result of them we have started checking up on a number of the facts which were raised as a result of the newspaper articles and Det. Byrd and myself have been out here, we have spoken to Wheat on a prior occasion with regard to just generally John Carr.

(Voice) You do it on Friday night.

HL: FRIDAY night, yeah, and uh, again as I said uh, during our conversation there had been a .357 mentioned, there had been a .22 mentioned, there had been a 9 millimeter mentioned and at that time I had not asked Wheat whether or not she was licensed and I just asked her now.

FC: Can I ask you a question?

HL: Sure.

FC: Uh, is there any, any reason to believe that all of this story has any truth in it at all, I mean is there really some investigation that's going on, is there really some police department that has brought this to life or is this just the fancy of the reporter that wants to sell his newspapers?

HL: As far as....

- PC: Before you started you said you did not start until the newspapers started to write... does he have any proof that anything he's saying is true or is it all fiction and part of his imagination?
- EL: Oh, as far as what they print in the newspaper I really can't tell you, I have no idea whether he is imagining it or not.
- PC: But he is implying that New York City had opened an investigation in conjunction with the North Dakota police is that true?
- EL: I am not aware of any investigation of the New York City Police Department.
- PC: Then why is it that nobody from the New York City Police Department has made any kind of uh, big splash on the newspapers that there is no investigation and that we have been so badly damaged by it.
- EL: If there isn't any investigation presently in progress by the New York City Police Department I can't see the reason why they would come forward in any way and deny it because they, there isn't anything pending as far as I know.
- SC: My original permit was 33891 on the 21st of December, 1968.
- EL: Can I have the date again please.
- SC: 21st of December, 1968, the original permit number was 33891.
- EL: Cause the permit you're showing me now shows original permit number 35349.
- SC: That was due to the fact that it was, uh...
- EL: I just want to read this, the weapons listed on the rear of the permit uh, attached on a typewritten piece of paper: Colt, .22 caliber... I can't read the small print.
- GB: We have a Colt, .22 caliber, number 1012, got a Colt, .25 caliber, number 0025941, we have a Bower .25, number uh, 011595, there was Smith and Wesson .32, #82530, we have a Colt, .38, #906060, Colt, .38, F31292, S & W .357, Serial No. 2k20360, S & W .357, Serial No. N11668.
- EL: I'm returning Mr. Carr's permit. Mr. Carr, you have these guns around the house?
- SC: Yes.
- EL: Now what are any of those guns that we mentioned, you had said something about some of them were yours, you know which one's yours and which ones you have and which ones your dad doesn't have?
- MC: I'm just trying to think which ones are where, okay. The Bower .25 is mine. The Smith and Wesson with the K serial number .357 is mine, and one of the colts, there is a colt .38 and I'm not sure which serial number but one of them is mine.
- L: And do you have those weapons that you mentioned in your home?
- C: They're here in a safe spot.
- L: Do you have any guns in your house aside /the ones your husband may have?
- : The only guns in the house right now that I can think of off hand, I could be wrong, there may be one of mine up there for whatever reason, very honestly I think they're all here and the only other ones would be his and they'd be in the house.
- : And you know which guns those are?

- HL: A lot of guns your husband may have in the house,
 HL: Inaudible...
- HL: Only is that they were mentioned to us the other day,
 HL: Again, why would it be important?
 HL: John mentioned it,
 HL: Why would they not, you know, then why ... Inaudible ...
 not trying to clear it up, that's all, you know,
 HL: What is confusing about them?
 HL: It's just that there are a lot of guns involved and we're just trying
 to track down and know where each one is and who has it, that was it,
 HL: Okay, well ^{really} I don't even know what he has, and I'm sure he has a
 service revolver, I believe he has two other ones, uh, they're
 rarely in the house unless he's there and I think one of them may
 be in his locker, you know, I'm sure his service revolver, I've
 never seen his service revolver at home except once and that was to
 clean it.
 HL: Was uh, John licensed do you know in New York?
 HL: Not in New York, no.
 HL: How about Michael?
 HL: Never, Michael wanted nothing to do with guns.
 HL: Now you had brought down a card with the handwriting sample, uh...
 HL: That's a personal letter, I don't think that's important.
 HL: Did you obtain copies of his handwriting?
 HL: No. We have not been able to obtain any copies of your brother's
 handwriting.
 HL: I don't mind furnishing you with copies of his handwriting, but I
 will pick it out.
 HL: Fine.
 HL: Something that I have.
 HL: Fine, I would appreciate any sample that you might give us, something
 that you feel would not be personal and something that you would not
 want to leave the house. Again, if you have a picture of him, a full-
 faced picture, again something that would not uh, something that you
 would not mind parting with temporarily, uh, we could make a one on
 one picture, we have a polaroid with us today, I don't know if we can
 come out with it or not.
 HL: Uh, I'm the kind of person who does not like to be reminded of this
 sort of thing and I have put all his pictures away until such a time
 that I feel that I can take them out so it's not convenient for me to
 give you one right now.
 HL: Now what you had mentioned that uh, there was a box of your brother's
 papers that your father had.

- WC: They were all bills, that sort of thing, bank statement bills and not any personal papers. My brother didn't write letters, he's just that kind of person. If we have any letters, there's maybe six of them from the whole time he was in the service, if we still have them. We're also not the people that save letters, so...
- FC: He had us ... inaud... the telephone business. If we had to talk to each other we talked on the telephone, we had very high telephone bills but very few letters around, so uh, most of our, John didn't like writing letters and he said he had cobwebs in his mailbox because I never wrote to him so, most of our conversations were on the phone.
- WC: Tell me something, I asked you, you said you'd try to check into it I don't know if you had time, about some letters that we had received from Berkowitz that we're having difficulty having returned to us, supposedly because of the D.A.'s hold, whether it be from Brooklyn, Bronx, Queens, Manhattan, I don't even know, were you able to find out anything?
- HL: I have not, since I saw you on Friday, been able to come up with any information with regard to whose hold it is and we're checking through the Yonkers Police Department in an attempt to find out whose holding up the letters and why they are being held. I don't know where they are at the present time.
- FC: It really doesn't have anything to do with this conversation.
- WC: No, well it's just a request Daddy made.
- FC: Okay, well I just assume we do this and nothing else.
- HL: Alright, in the personal property that came from Minot.
- FC: We never received any.
- HL: You never received any of his personal property from Minot.
- FC: The police had not given us a coroner's report nor have they given us back his wallet, which apparently was the only thing that was on his body.
- HL: Well, how about any of the other personal things he may have, personal effects he may have had in his car.
- FC: Inaudible... from John are, he was only gone from here what 24, 48 hours,
- WC: Three days I think. He left on Monday and it happened on Wednesday.
- FC: Okay, and he only took his clothes with him, he lives uh, you know, so uh, the only papers that we have are those that substantiate his Air Force uh, the things, his Air Force papers. He had uh, and he went to school in the meantime, he didn't work or you know, I mean he went to college all the rest of the time since he got out so there was nothing of any importance in what we had except those things we needed to get for his daughter, social security and hopefully V.A. benefits.
- HL: No personal effects at that time like clothing or ah, anything of that nature, for example he had a, Carr mentioned a buddha necklace did that ever come....
- FC: I have that, it's something he gave me.
- HL: No, no, no, that's what I'm asking uh..
- FC: Cause you were speaking about it.

- HL: There was a buddha necklace we had discussed it was in a picture that he had with he and his daughter.
- FC: What was it, what did it look like? Did it have three parts to it?
- HL: Uh, it was a very small picture and I'd asked....
- FC: I know what you're speaking about and it's a thing that he brought back which he told me was a, like a good luck charm, it has three different figures on it, it is a thing that he gave me and I don't think that he took that back to North Dakota with him.
- HL: Well this was only one...
- FC: Well they were not together.
- HL: Did he say it was a rubbing buddha?
- WC: No, he had the necklace, that's the only thing I know of.
- HL: Yeah, right, that was what we were talking about.
- WC: He had it on him, the pictures I think you're thinking of are pictures that were taken like in a park or something.
- HL: There were trees around, I couldn't tell exactly where it was from.
- WC: We stopped for soup and he may have had the necklace on at that time, but I haven't seen it.
- FC: I don't know if you're even that familiar with it.
- WC: Yeah, I've seen it on him.
- FC: It's something that is normally kept in a house and hung above the bed or something like that, but it is a religious artifacts that he brought back from, it's one of his phase in the Air Force when he was sent over seas.
- HL: No, this is, what I am referring to is a necklace which is a buddha, which was found hanging in the closet of the O'Corner apartment after John died and I was wondering whether it ever got here.
- FC: No, no.
- WC: Cause he only had the one that I know of.
- FC: Then we're not talking about the same thing.
- HL: This was a good luck piece that he always wore except when he was upset and he would take it off.
- FC: I don't know what you are talking about.
- HL: Okay. I was wondering whether that might have come.
- FC: No, I thought you were talking about a, no, nothing like that has come.
- HL: Nothing of his personal effects ever got to you from North Dakota.
- SC: No, his bag, his wallet is being held up there.

- QB: Uh, getting back to uh, the Mercury, were there any artifacts or anything in the glove compartment of that car, uh, papers, receipts, anything like that do you know Mr. Carr?
- SC: There were bills, and registration.
- QB: You don't recall a receipt for a .44 colt?
- SC: To my knowledge he didn't own one.
- HL: Because we've been told by Linda O'Conner that there was a receipt in the glove compartment which he always kept locked and she had gone in there to get something for him out of the glove compartment and she had seen a yellow receipt made out in the name of John C. Carr for a .44 caliber colt.
- SC: To my knowledge, he never owned one.
- HL: Was he into shooting, wheat, like as you are, or a...
- WC: Yeah, he did, uh, what since we were twelve we've been going up to the range? Since we were kids.
- FC: John spent a lot of time with the Westchester Police at the Rifle Range, a .22 rifle first.
- WC: He did some hunting out in Texas.
- HL: At one time in front of this building there was a sign, Carr ^{is} ~~has~~ illustrated graphics or graphic illustrations.
- FC: Michael is a, Michael graduated from the Rochester Institute of Technology and Professional Photography.
- HL: And that, was that his business that he ran out of this.
- FC: He was going to have one of....
- WC: I remember they made out signs. I don't remember there ever being a sign up.
- HL: It was in one of the police reports that there had been a sign in front of the house at one time.
- WC: Yeah, there was a sign in front of the house, it said private property, cars would be towed away at owner's expense, that's the only sign.
- FC: We had never put answering service or for Mike's studio, have ever put a sign out.
- WC: Only signs that existed were the ones that were already on the door.
- FC: All he did was ask you did we have a sign out.
- WC: No.
- FC: Okay.
- HL: Now, as we had discussed in regard to Michael you had said that you had spoken to him about 1 o'clock in the morning the day that he died.
- WC: About 10 o'clock till somewhere after 12 and before 1:00.
- HL: Did he give you any indication where he was going at that time?
- WC: Down to the city to party and relax. He had worked since 7 o'clock in

the morning and he has a little rest, a little fun.

EL: Has he never mentioned where he was going or where he was heading for or anything of that nature. Do you know about when Michael became involved with the Church of Scientology?

PC: I would say roughly four or five years ago.

EL: And did he go down to New York to the Church of Scientology on a regular basis?

PC: What's regular?

EL: Well, did he go there every Wednesday, Thursday, Tuesday, was there a regular schedule where he would go to the...

PC: Set day.

EL: Set day every week.

PC: He took a lot of courses there and took a lot of ... incul..., He spent a lot of time there.

EL: Well, I know he worked here full time is that right?

PC: Recently, yes. He's been out of college for a long ... since 1973, okay.

EL: When did he first become involved with the church, was that while he was in college or after he graduated?

PC: No, afterwards.

EL: Afterwards. And when he got out of college when he was back home again in Yonkers did he work, he worked here, is that correct? At the switchboard?

PC: Incul... tried to set up.... no.

EL: No, not the switchboard, but as management of the...

PC: No sir, he has only worked with me since January of 1978.

EL: January, February, whenever we incorporated.

PC: January, February.

EL: About a year and a half.

PC: Right. He was trained to be a professional photographer and he worked for several photographers and knew Commercial Photographers in New York City and for a while he was actually on the staff of the Church of Scientology.

EL: In what capacity?

PC: Staff member, whatever they do.

EL: Was that related to his photography or was that related to...

PC: No, no, scientology.

*Imp't to
Lisman*

Hsk!

- HL: Now did he go, when he was on the staff did he go, was it a regular 9 to 5 job, did he go in there every day and return every day or...
- FC: Yes.
- HL: And when did he leave the staff of the Church of Scientology?
- FC: When we were out of there, when we were up in ... inaud.. in 1977, I don't know the date, I really don't know the date.
- HL: But he did leave the staff in the time/he started working here with the answering service.
- FC: When he left the staff he went back to work with Tony Petricelli.
- HL: Right. When did he start working here full time?
- FC: 1978.
- HL: Okay, and when he worked here full time was he still very active with the Church of Scientology?
- FC: He was active with the Church of Scientology until the moment of his death. He is very proud of being part of it.
- HL: As an active member did he go there on a regular basis?
- FC: Why are you asking this, I've already answered you.
- HL: No, but you....
- FC: Yes he did, it's not a 9 to 5 job, they are, they have, they are open at 10 o'clock in the morning until 10 o'clock at night, nobody works those long hours. He worked whatever his schedule was, or he went for auditing.
- SC: Could you give us a couple of minutes to ourselves.
- HL: Sure. Sure, certainly. The time is now 3:07.
- Mr. Ecker: Yeah, we took a short recess so that I could have a conversation with my clients. Uh, you asked Wheat a question before about having a conversation with Linda O'Conner is it.
- WC: Right.
- Mr. Ecker: Last week, and Wheat would like to clear the air on that little piece of business.
- WC: Yes, I did talk to Linda, okay. I explained to you previously that Linda's very concerned about her job. Linda asked me not to mention speaking to her. She wants no connection with us, she feels that we'll endanger her position. Obviously, Linda didn't hesitate to tell you or your people in North Dakota that she spoke to me so I don't feel bound by that anymore. Okay. I did speak to her and we did go over much the same things we had gone over at the time of John's death.
- HL: Could you just tell us the substance of the conversation as best you recall and when was the conversation?

- WC: The conversation was last week. I honestly am not sure of which day, okay. What day did I see you?
- HL: Friday.
- WC: Friday. It may have been either Wednesday or Thursday evening, uh, basically what it was was I asked her if she had been contacted and I asked her to tell me everything she could think of that was important. I asked her if she had been notified about Michael's death. And she told me yes and she described that Terry Gardner telling her about Michael's death. The other thing was just basically I said do you think, do you, You think this is true what they're saying. She told me that 90% of it, no, about John being involved in drugs, obviously that's a matter of public record yes he is. I think that's really about all it was.
- HL: Now before you spoke to Linda had you spoken to anybody else up in North Dakota that same time.
- WC: Only Craig in order to reach Linda.
- HL: And did he tell you who the investigators we had were, what their names were.
- WC: No, not at all.
- HL: Cause Linda indicated to our investigators that you had told her that one of the gentleman's names was Mike.
- WC: No.
- HL: And we were just ... inaud..
- WC: I have no way of knowing that I didn't even know that you had people out there.
- HL: But you had spoken to Craig prior to speaking to Linda.
- WC: And the only conversation I had with Craig was to get Linda's phone number and again, do you think John could have done these weird things they're saying, what do you think his frame of mind was at that time?
- HL: You spoke to her a long time, you spoke to her about an hour and a half.
- WC: Yeah.
- HL: And you were just going over the circumstances of John's death and uh.
- WC: That's all.
- HL: And that was it.
- WC: That's all. I told her a little bit about the publicity here, you know, just the way they were wording it here as opposed to the way it was worded in North Dakota. She read me some newspaper articles.
- HL: Of course as you know she spoke to our investigators at length with regard to this, and of course told them about her conversation with you.
- WC: She did tell me that she had an appointment, she was very nervous it, she had told them to call her at a certain time of day and she was gonna set up and meet with them. But she said she didn't want them to know she'd been in touch with us recently, just because she's so afraid of losing her job.

HL: And have you spoken to her since that time?

WC: No. Definitely not.

HL: Have you spoken to anyone in North Dakota since speaking to Linda?

WC: No. I have not, is there somebody else that she's supposed to have talked to?

HL: No, that's why I'm asking.

WC: No, uh, the 12th, the day I spoke to Terry Gardner and to whatever the sheriff's name is, Sean.

HL: Sean.

WC: And this past week when I spoke to Linda, other than that, I don't, and Craig, I haven't talked to anyone else in North Dakota.

HL: Now when you spoke to Terry Gardner and Sheriff Swen, did you question him about what happened to John's property, his wallet, his clothing, any of his personal effects?

WC: Yes.

HL: And what did they tell you?

WC: They told me they were impounded, they had an open investigation, they didn't have to release it until the investigation was closed, that they were not going to release it.

HL: Did you discuss with them at all any question with regard to whether or not it is in fact John that died in North Dakota?

WC: I don't remember but I would imagine my conversation with them was taped, it's a police department.

HL: Oh, I don't know whether it was or not.

WC: I do not remember specifically discussing that.

HL: Does Terry Gardner believe ^{that} your brother is the one that died in North Dakota?

WC: Apparently. I can't answer for him.

HL: No, but has he ever mentioned it to you?

WC: I don't remember anything specific about that. Obviously he's investigating my brother's death. That's what he told me, so I'm assuming he thinks it was John.

HL: Mr. Carr, you have any reason, anything you know, in the back of your mind that you could think of why David Berkowitz picked on your family?

WC: Do you want to walk in the backyard please.

PC: We know where his apartment....

WC: Cause the obvious, the obvious...

HL: We know, alright, no, I know where the apartment is and I've seen pictures.

Voice: No, no, so tell him no.

SC: In my mind I was trying to think then, the answer must be no.

FC: Well, you must have thought of that enough times by now.

HL: Alright, this is a person you have never seen. L

SC: I have never seen him.

HL: Never spoken to.

SC: Never spoken to.

HL: And, of course you've read all the articles John Wheaties and your name certainly mentioned a number of times, can you think of anything, was there any possibility that somewhere you might have run into him somewhere. That, you know, something in the back of your mind that never really clicked because no one ever asked you about it.

SC: Not to my knowledge.

HL: And what you had never met him.

WC: Not at all.

HL: Did he ever call here that you know of, or that anyone of the three of you had ever received a phone call from him.

FC: Isn't this all part of the record?

SC: There were phone calls.

FC: You know that as well as we do.

HL: If I had all the answers...

FC: We had threatening phone calls.

WC: You read the reports up in the Yonkers Police Department.

FC: You know that we had threatening phone calls.

WC: You know that we reported...

FC: You know that we had threatening phone calls, you know all of them, you know all the letters we received, how would we know whether David Berkowitz made those calls?

HL: Well, that's why I'm asking you.

FC: He never identified himself as David Berkowitz.

HL: So on any of the threatening calls that you did receive there was no indication.

FC: There was no names, they didn't say I'm so and so, okay.

HL: Now, when you asked me haven't I read all the reports, there were many reports, there were thousands of pages.

FC: Okay.

HL: I could assure you that I have not read every one of the many thousands of pages of reports that were given to the various police officers who were involved in the investigation and the reason I'm asking you the questions is so that you can because you're the first-hand person, so that you could let me know about.

- FC: Alright, no, we did not ever know who was making the threatening phone calls. The person making the calls never said I'm David Berkowitz, I'm calling you to annoy you or any such thing as that.
- HL: When you got the phone call from the Cassaras, Mr. and Mrs. Cassara, in New Rochelle with regard to having received a card, a get well card and you contacted them.
- GB: We just turned over the tape, the time is 3:15.
- HL: We learned from the Cassaras after seeing your return address on the envelope and the Cassaras checked their records and they came up with a name David Berkowitz. Did you in any way look up David Berkowitz in the phone directory to see whether or not there was a David Berkowitz in the area?
- WC: Yes.
- FC: Yes we did, yes.
- HL: And as a result of that did you in any way attempt to contact the person to find out what it was all about?
- FC: Him and me?
- HL: Yeah.
- FC: No.
- HL: So there was no communication between yourselves to Berkowitz, you never went up the hill to take a look at who he might have been.
- FC: No. Not when he could shoot the dog, I wouldn't go let him shoot me. No, we would have had no reason to do that. Maybe a reason but it would not seem like a safe thing to do.
- (Voice) Alright, so the answer is no.
- HL: Now Mr. Carr you went to the 109 Precinct with certain information, is that correct? That was a few days before Berkowitz was arrested.
- SC: Yes
- HL: And could you tell us generally what you told the police at that time.
- SC: Could I date back a couple of weeks?
- HL: Sure.
- SC: I had information, I called the 109th and I was told the detective would get back to me. I never received the phone call, number one. Number two, after reading the article in the Yonkers paper I said to myself choice language, so I had worked the board the night and I had about two or three hours sleep the night, then I read the paper. So I come downstairs and says I don't know what the hell is going on but I'm going out to the 109th. I went out to the 109th and downstairs the patrol officer directed me upstairs. Upstairs there was a patrolman sitting here there was a short person, I would say 5'7", 5'8" dressed up, and then there was an officer sitting, patrol officer in civilian clothes back there and they said can I help you. I says yes, I have information here, I says I called, I says I was told a detective would get back to me, never did and I says I have and I'm pretty sure, I says this is so and so. So he said to him, patrol officer said, Captain you want me to handle it. He says yeah. So I sat at the desk and the captain who was sitting, stood up over there and I had given him all the information that I had collected. And they

asked me why I thought it was him. I says from information that I had gotten. So I said do you want this information they had written down, he says no, we'll throw it in the harbor.

PC: That's what you told them, you gave them the information and they said they'd throw it in the harbor.

SC: That's right. The next thing you know, all hell broke loose.

HL: What information was that that you had given them at the 109?

SC: I had given them information pertaining to Berkowitz, his car and so forth.

HL: And now, information with regard to his car, what did you know about his car and how did you learn about his car?

SC: Through sources I learned what kind of a car he was driving.

HL: You say through sources, how did you learn what kind of car he was driving? We're trying to clear up muddy waters here and if you're gonna say through sources I learned, it's not helping us.

SC: Information was given to me.

MR. Ecker: Apparently Mr. Carr had a friend in law enforcement who supplied the information for him. He'd prefer to not advise the identity of that individual for obvious reasons.

HL: Well if it was Wheat she told us that she had checked something out on computers, so ah...

WC: Wasn't me.

Mr. Ecker: No it wasn't you.

HL: Well was it a Yonkers police officer who checked out his license plate was it a New York State trooper, was it a New York City City police officer.

(Voice): If you want, tell him, what agency it was.

SC: It was a federal agency.

HL: And through a federal agency you learned about Berkowitz's car.

SC: That's correct. Due to the simple reason when I would leave here I would drive out and then I would notice a tail on me so I would, I'd go visit friends over in Eastchester, an elderly gentleman 83 years old, certain days I would go over and play pinoche with him or gin rummy, and I, in order not with this happening around, I didn't want to bring any more problems to this 83 year-old gentleman where he lived. So I would go through take him on a run what I call a run I would go every place but anyplace except Eastchester. In fact, one night I noticed a tail on me and I spotted the car and I didn't see the plate number. I went through one-way streets hoping to get locked up so I could get this guy that was behind me. I didn't know who it was didn't know how many people were in the car, all I know was that a car was on my tail.

HL: What kind of car was it?

SC: I couldn't tell that night.
