Met DB at Co-op City, 1969. Participated in Co-op City "fire dept." with DB and others. Joined police aux. with DB. Went on to Bx. Rescue squad with ~~Robert Weiss~~. Possibly an investigator with Bx. Society for Prevention of Cruelty to Children along with Weiss, Comporatro, and Dapolitto. Spoke to Gannett on day after DB arrest. Laid much groundwork for depiction of DB as loner, religious nut, drug user, player of "word games", and drawer of occult symbols. Said Berk would never have shot cops, would have shot himself first.

Currently employed: St. John's Hospital, Elmhurst Queens.
