Girl named "Sagos" also says she met Atchison. and overheard him asking somebody (Dukes) about where he could get a german' shepherd's ear mounted. Supposedly took plaque back to NY with him.

Craig O'C mentions Atchison. As does witch Harliss who mentions him and Dale and Terry ~~Stearns~~ Stearns (or Sterns). Several witches calls to Gardiner ~~in~~ in which messages are:

1. We got John and you're next.
2. Gun was found across Carr's legs (true)
3. Willy (Billy Dan P.) purchased three .44 Bulldogs One for Berk, one for JC, and one for "Turkey".

Gardiner is sure these ~~##~~ were long distance calls.

Gietzen says "Carr knew the authorities were looking for him so he blew himself up."

Psychologists characterized Carr as "manic depressive", schizoid. Carr was obsessed with the shooting of Harvey, and described Berk's place in great detail.
