KM:

Based on a detailed briefing on "the meeting" in Yonkers on Friday, October 11, it breaks down like this:

---Ensure that JR is coming in to help on Yonkers crimes, and is not to be "stolen away" by NYPD on Yonkers' time & money. That is, NYPD hierarchy is not trusted by DC, who feels that if given the opportunity, they will simply try to take everything as their own, toss Yonkers aside and claim all credit---or even cover-up.

---JR is retired NYPD. We must state where his loyalties lie. (This we can easily, and diplomatically do, as JR has seen the NYPD's actions and cover-ups himself during his career there, and has said so. He retired in '80, and his loyalties are with us.)

---Be prepared to offer an update on what Ace can give us:

1. Untermyer/kids (from the Jimmy R. report of '71 or so);
2. People in the group who convened at Untermyer;
3. People from the group who hung out at his place (including the very important cross-eyed sisters);
4. Whitey, also an important character;
5. Information on Process;
6. Information on Dr. G and kid stuff from Palmer Rd., etc. that can still be occurring now with Yonkers ties.
7. Leads and/or information on the Rudolph Terrace operation;
8. Other areas Ace will know of that are of relevance from the late 70s and perhaps even now. People like Louie Bernacchia, Walter Deyo, the John Paul years at Untermyer; Dr. Garvin; Dr. Schwarz, etc. and other Yonkers individuals---including Wheat Carr.

He can also help with corroborating data to flip Richie S. and Suzanne C. It's also certain he knew Norman, etc.

NOTE: It's worth recalling that Jimmy R. has offered to intro you to top informants like Paulie Marcus (gay, provided muscle for the pimps in the circle) and attorney Enid Goerling, who repped some of the high-rolling pedos in this clique and told Jimmy "they were all guilty and should rot in hell," and that she'd be willing to privately provide some background data.

Finally, DC was told that if he needed more money in the future for this investigation, he would get it. He was also told that City Hall is very interested in this matter and wants it pursued thoroughly.
