

1. There is evidence of murders, disappearances of young people on Staten Island over the last six years; including several recent incidents. There is also evidence of satanic rituals being conducted on the island for several years, at least.
2. Robert (Moore) DeGrimston, founder of the Process, the most dangerous satanic cult in the U.S. and Britain, has been living on Staten Island since approximately 1979, according to informants, who also state that he was going to Staten Island "to start up a new cult."
3. Both Charles Manson and David Berkowitz belonged to Process organizations. Manson knew DeGrimston personally, and Berkowitz might have known him personally. The Process, via DeGrimston's own words, sought the "end of the world" and overthrow of society. DeGrimston also preached the "union" of Satan and Christ; that Satan was actually Christ's "hitman", and that by worshipping Satan one was actually worshipping Christ. Hence, all misdeeds done under the veil of Satanism were actually "divine acts" that would please Christ and hasten the final judgment. The official name of the Process was: "The Process Church of the Final Judgment."
4. DeGrimston's former wife, Mary Anne, is known to have been the driving force behind the group, which was founded in England in 1963. She and DeGrimston split in the mid-late 70s, and her faction, which functioned in Manhattan and Westchester, was known as "The Foundation Faith". Robert traveled to Toronto and Boston, founded groups which kept Process name, and attracted misfits, dopers, bikers and mentally unstable. Mary Anne, an ex-hooker in England who was heavily into S/M, was last said to have gone to Atlanta, circa 1979. There, she was said to be raising funds for her operation by fronting as being an advocate of antivivisection (the use of animals in lab experiments, etc.).
5. Robert DeGrimston, said to have lived on SI since approx. 1979, did in fact purchase a house at 60 Taylor on June 17, 1983. Documents for 60 Taylor also include name of Fay M. De Grimston, Mary O. Ward, and Richard C. and Juanoka Van Dyke. The latter may be the sellers of house, but Fay M. DeGrimston may or may not be DeGrimston's wife. Robert DeG was carrying on with a ranking female member of the Process in the mid-70s, and this liaison was a partial factor in the split between Robert and Mary Anne DeG. It is likely that Fay is that woman, since informants state he had a girlfriend with him when he moved to SI in late 70s. If it is Fay, she was a Process member, too.

yes - it's Fay

6. Andre Rand, charged in the Jennifer Schweiger case, was a resident of 109 Broadway, a few blocks from DeGrimston.
7. Rand's associate, who helped turn him over to cops, is the "Reverend" Muskett, pastor of a storefront, Pentecostal-type of church, and a postal worker by trade on Staten Island. Muskett addresses, for either him or his church, include 200 Taylor; 1062 Castleton Ave.; also nearby; and a former address at 79 ~~Grace~~ Court (a short distance from "coffin man" Richard Carlson at 536 Richmond Terrace. So, both Muskett (who is said by citizens to be involved in Rand activities) and Rand live/lived within a very short distance from Robert DeGrimston.
8. Witness reports a brown van with "Touch of Glass" on its side was entered by Rand in front of Muskett's residence in the recent past. Search of phone book shows no such outfit, but "Touch of Class" does exist: it's a biker club located at 25 Grove Ave., also just a few blocks from DeG/Rand/Muskett. Encircling these locations isolates a very small geographic area of Staten Island.
9. Andre Rand had a driver's license in 1981 that came back to a familiar area: Yonkers. Address: 27 Fenway South. This is a middle-class home in a decent neighborhood. 1972 directory lists as residents of same: Islam Rushan and Liborio Sabitini.
10. Rand has used numerous aliases, including Matt Faye. It is interesting to note DeG's "wife's" name: Faye.
11. Two brown vans (see #8) have been spotted (plates taken) around corner from DeG residence. Also, reports from other side (south) of Staten Island hold that a brown/chocolate-colored van, as well as a red pick-up, were involved in incidents of trying to pick up kids in recent past.
12. From witness Margaret Ross and NYPD contact, a middle-aged Englishman with high cheekbones and blondish, greying hair was present at both Jennifer Schwieger and Judith Summerville searches. This individual, who fits the description of Robert DeG, was also said to have called home of Donna C. and left message on machine using name of "Whittaker". At search, said he was a writer who wanted to cover story of the search.
13. There are reports that Muskett's son, name and age unk., was arrested as recently as Sept. for molesting an 8-year-old boy.
14. MPT contact with killer Richard Biegenwald states that Biegenwald knows of more bodies on Staten Island---and that Biegenwald was involved in procuring bodies and/or body parts for satanic cult.
15. Via Mary Reilly, Muskett says Rand's father a devil worshipper.
16. Via Reilly, etc, Muskett admits to "dabbling in occult" as well as Jews for Jesus and Scientology.

f

~~_____~~

17. Evidence of satanic rituals/activity has been reported in at least the following locations: Baron de Hirsch cemetery, (grave reported opened and body swiped, according to citizen reports). Also, Staten Is. Cemetery (cross street from DeG home); Sailors Snug Harbor Cemetery; Fairview Cemetery; St. Andrew's Cem.; St. Peter's Cem.; Silver Mount Cem.; southern part of Clove Lake Park; Battery Weed, Ft. Wadsworth; Sea View hospital grounds (there is supposedly an old church/chapel on this abandoned site. Remnants of a stone altar found at Sea View circa Sept. 10, 1987. Also, report of altars at High Rock Park.
18. Counseling Supervisor Gordon Murray of Camelot Counseling Center Port Richmond, said (via info from in-patients) that adults 20s, 30s, even 40 are directing satanic rituals with younger members. Sex rituals before fire with young girls said to be part of agenda. Clove Lake Park mentioned.
19. Verified information from 1986 on animal sacrifices by hooded cultists at Dyker Beach Golf Course, just across Verazano Bridge in Brooklyn. Cultists spotted, plate came back to Mt. Kisco in Westchester Co. (Possibly tied to Process property on Salem Rd. in Pound Ridge). Cultists were in a van.
20. A Rand motor vehicle document showed an address on SI of John's Bicycle and Toy Shop.
21. In '84, witness Margaret Ross says Rand was living in a tent in Baron De Hirsch Cemetery. Ross says she went there and saw kid's toys.
22. Daniel Stratton, arrested for Rebecca Fine murder, was Centerport, Suffolk Co. LI resident (Rand also had lived in LI). Stratton released from jail 4/87 on sodomy of boy rap. He fits---and so does his winged lion tattoo, which is definitely occult or mythology in origin. Stratton went to live with girlfriend on SI. How did he know her? What brought him to SI, etc?
23. Richard Carlson, "coffin man" of 536 Richmond Terrace is alleged to be on Lewis H's mail list; also alleged to be a pedophile and necrophiliac who'd try to pick up young boys in a Cadillac hearse. Joseph Ritansky, male pros sheet, lived with Carlson for a time at 536 Richmond Terr. Jeremiah Newton, last known at 61 W. 81, Manhattan, is tied to Carlson. Newton into old churches, old houses, alleged necro-pedo. Newton boyfriend/procurer (allegedly has a sheet) is Andre Santana. Newton said to be into occult matters: sorcery and Tibet mysticism.

Centerport (Rights By Non-tenant) + JPD
 Property (likely him) in Centerport

STATEN ISLAND DATA

Review of files on 12/1/96 reveals significant info:

---On 11/3/87 Kolchak, Hank C. and reporter Steve Siegel from the SI Advance staked out DeG house at 60 Taylor St., SI. At 6:25 p.m. Fay M. DeGrimston arrived home in a black Corvette driven by an unknown male. The vet had a NY "special" plate with vertical letters P.. followed by 120.

After dropping off Fay, the male in the 'Vet returned and drove through the block again at 6:45. A parking sticker for St. John's University on SI was observed on the rearview mirror of a DeGrimston vehicle, which led to checking out that campus. In doing so, the black Corvette was spotted again behind Spellman Hall, where Fay was working or studying. The plate was PSY (arranged vertically) 120, (New York). (A Susan Hahn, an assistant to dean, business dept. appeared tied to DeGs.)

The plate was run by Deb or Al and came back thusly: it had been on a "pool car" registered to the State Campus in Albany. (government car). That plate registration expired about '81. It currently belonged on an '84 Buick, possibly green (or gray, one would imagine "gr"); but did not belong on a black '86 'Vet.

The plate was currently registered to a William L. Paxon, Akron, NY. Paxon didn't exist on any other DMV docs besides that registration (no license, etc. found in search.)

Kolchak file note from '87 states a Bill Paxton (with a "t") was at Roy Radin's '81 wedding. Is there an actor by this name, or could this still be our guy with a typo on the wedding list?

This data meant zero in '87; now it may mean much. It is confirmed that William L. Paxon from Akron, NY (outside Buffalo) is none other than the U.S. congressman who's married to Susan Molinari, the Staten Island congresswoman who gave the keynote address at the '96 Republican convention.

Paxon, also known as L. William Paxon, has a DOB of 4/29/54. In '87, at the time of this plate observation on SI, he was a member of the state assembly upstate, having been elected to the assembly in '82. He was then elected to Congress in '88, taking Jack Kemp's seat. He was a '77 graduate of upstate Canisius College (ironically, the same school John Carr attended for a semester in Fall '64.)

---According to research by Elvis, Paxon met Staten Island's Susan Molinari in Albany in '84.

---Elvis also states it's an "open secret" in Albany that Paxton is gay, Susan Molinari may also be gay, and that the marriage and kids were to put a cloak of respectability over both of them. In other words, they are said to be "beards" for one another.

2. Staten Island

---In late August '95, Susan's father Guy Molinari (former congressman and current SI borough president) made a rather strange and inappropriate comment which appeared in the Staten Island newspaper. Channel 11 in NY had just aired the 2-hour version of the David Berkowitz interviews; and Guy Molinari chastised them for doing so, saying it just gave publicity to Berkowitz (which missed the entire point of the investigative story in the first place).

---Robert De G arrived home at 7 p.m. Nov. 3, '87. Driving an '85 Blue Mazda, NY plate LNX-563. Dealer plate frame on car from "ANGIULI," BAY ST., STATEN ISLAND.

DeG: Well dressed, business suit, ID badge on shirt. Removed items from trunk, including a clear plastic bag of white powder which could have been coke or heroin. DeG's hair cut medium-length, "page boy" type cut. About 6', 150-160 lbs.

---Examination of DeG's mailbox on Nov. 3, '87 revealed his American Express bill, a JC Penny's statement for Fay; and a letter to Fay M. DeGrimston from the Board of Law Examiners in Albany.

---Fay's DOB is 8/25/47.

---DeG last had a car registered to him at 9 Field End Road/Lane in Eastchester in '74.

---DeG bought 60 Taylor on June 17, '83. Before that he was at 71 Tysen St., which is near Taylor.

---A Mary O. Ward was among the sellers to DeG. For what it's worth, in '74 a Mary Ward (no MI) was listed at 253 N. Broadway in Yonkers, very close to Pine St.

---Other names on that sale of 60 Taylor St. to DeG in '83 were Juanoka and Richard C. VanDyke, and Florence E. Miller. It appears Florence Miller had power of attorney, perhaps for the Van Dykes.

---Source Robert "Bert" Coffman told Kolchak in '87 that he used to stop by Process at 1147 First Ave. in the 70s, and his "counselor" was Sister or Mother Sharon, a tall, dark Englishwoman. He said he was invited to visit their Connecticut "ashram" in '76 or '77, but didn't go. However he said he did visit a condo they had on upper Fifth Ave. in Manhattan, around 82 St., which was a tall, thin building near the Metropolitan Museum of Art (across the street, most likely). Coffman said he could ID the bldg.

---A woman involved in the search for the young Down's syndrome girl, Jennifer Schweiger, was named Mary Reilly (a bit hysterical

3. Staten Island

and perhaps not totally reliable). She stated Andre Rand and his pal "Rev." Muskett were seen with "the Englishman," a person whose ID was not known.

---Mary Reilly also stated she had heard of a "porno ring" on Taylor St., involving people with "shaved heads and crosses on their foreheads."

---Reilly also said that Rand and his pal Rev. Muskett were seen in the company of the unknown "Englishman."

---Some neighbor stated DeGrimston had an aluminum boat at one point.

---An Englishman, per Al S. and witness Margaret Ross, who was allegedly DeG using the name Whitaker, said he was a writer working on a story about the disappearance of Jennifer Schweiger in '87. This "Englishman" allegedly drove a blue car. (That would be accurate). He also seemed to match DeG's physical description and allegedly used the name Whitaker when he called a woman named Donna C. (name in file).

---Margaret Ross stated Rand was living in a tent in Baron De Hirsch cemetery in SI in '84, and that she saw kids toys there. (Margaret's own brother disappeared from SI at 21; not found).

---On October 22, '87, these vehicles were observed outside DeG's on Taylor: a brown Saab with NY plate 9441-BSA; and a white Caddy with Penna. plate PFY-720.

---the Saab with 9441-BSA was registered to an EDWIN COLON of 1129-39 something st. in Howard Beach, Queens.

---The Penna. Caddy plate PFY-720 was apparently registered to a WILLIAM REVONDRO, Newfoundland, Pa., close to Lord's Valley. (Revondro also had a red pick-up. He may or may not have been a relocated resident on Taylor and not changed registrations yet.)

---A counseling supervisor named Gordon Murray, of Camelot Counseling Svc. stated to SI newspaper that adults were involved in SI cult rituals. Perhaps up to the age of 40. He got this info from counseling sessions of teens in drug rehab.

---Process info in autumn '87 from Vanessa Weber of CAN. She knew Malachi and McNaughton. One was the group's PR guy, the other was divorced, had a radio show in NY under Process auspices called, "From Head to Heart." Both Malachi and McNaughton had been with Process since the beginning and claimed they left "in the late '70s."

---Vanessa heard from one of those two that Mary Ann had been in Atlanta, linked with some Christian group and using the anti-

4. Staten Island

vivisection cause as a way to raise money.

---Robert, meanwhile, had been in SI "trying to start a new group."

---The following news articles were found together in Bldg. 22 at the old Willowbrook hospital in Oct. '87. Very near Jennifer Schweiger's burial site. (On the second floor of building 22 rituals markings were present on the walls.) Articles: 1/20/82 SOS headline from NY Post: "Killer Cult Still at Large." Copy of African American News, April, '79: "Black Panther Killed." The panther was dead in Atlanta; his name was Ron Carter. NY Post, 2/7/82: Wacky All-White Cultists in Black Struggle (about the Weathermen). 1/2/82 New York Daily News, page 6: FBI ties fiber on tent to Williams (Wayne/Atlanta). Also from the News 12/82, page 10: Indict Englishman on Weapons charges. His name: John Paul Arthur.

---Another Muskett address given as 243 Clove, just several hundred yards from DeG's. He'd also lived at 824 Van Duzer in 79-82, (583 Van Duzer was singled out in SOS Staten Island probe, which was partly correct info.)

Andre Rand:

---DOB of 3/11/44. RUSHAN apparently is TN. AKAs of Frank Brushette, Frank Rahan, Daniel Fay, Daniel Fhye, and Matt Fay.

---His father apparently was Islam (Frank) Rushan, DOB 1/15/1893. He may have died in '75.

---The Yonkers address on Rand was 27 Fenway St. South, a two-family house just above the northern reaches of Van Cortlandt Park. Andre Rand had a vehicle registered there as late as '81 or his driver's license used that address. Rand's father apparently lived at 27 Fenway South. The '72 Coles listed Islam Rushan and Liborio Sabatini at that address.

---Info from Al S. 10/18/87: A male involved in "Child Find" on SI stated he saw Rand get into a brown van outside Muskett's home. The van said "Touch of Glass" on the side. Note: Kolchak's investigation determined this was "Touch of Class"---a biker club on Staten Island.

---On 11/3/87 Al S. told Kolchak that one of Rand's close buddies was a practicing satanist, based on a statement police obtained from the wife of that same friend of Rand.

On SI Rand had addresses of 100 or 101 Broadway, just a few blocks from Taylor st. He also lived at 279 Heberton Ave., 81 Ann St., and 90 Vreeland. He also had a PO box at the same branch were "Rev. Muskett" worked. Muskett is apparently Charles G.

5. Staten Island

Muskett, Sr.; wife or daughter named Carolyn Muskett. '87 Address of 1062 Castleton St./Ave., SI.

Muskett's kid, probably Charles G. Muskett, Jr. (although he may have had another son, too) allegedly had arrests for sodomy against boys. One arrest, allegedly for the rape of an eight-year old boy, may have occurred in Sept. '87.

---Muskett's "church" was located at 200 Taylor St. DeG was at 60 Taylor.

---Muskett purportedly said in front of several witnesses on the day Rand was indicted that Rand's father had been a satanist.

---Other informants stated that Rand was providing Muskett with kids for whatever purposes.

---Muskett allegedly stated he himself had been involved in Scientology and "Jews For Jesus." (This is just what Process was up to in 80-81, etc. (Recall photo of Mountain and caption about Jewish Crusade for Christ, '81).

---A British guy named "George Hampton" appeared on Staten Island during the Schweiger search. He allegedly "sold airplanes" for a living and stayed in a trailer on SI during the search for Schweiger. An address on Hampton was 137 Heberton Ave., SI. Rand at 279 Heberton at one point.

---Andre Rand also had a car or license registered to the Staten Island address of "John's Bicycle and Toy Shop." (Per Deb.)

---Is there relevance or coincidence in Rand's AKA of Matt Fay or Faye and the fact that Deg's wife is named Fay?

---Rand supposedly had an ex-girlfriend named Ilene Switzer, whom he may have raped. Rand had also dated a "Mrs. Kennedy" on SI.

---Dolls with blackened eyes and hair removed were allegedly found at Rand's camp. Jennifer Schweiger's pigtails were allegedly cut off.

---Muskett allegedly brought food to Rand at his Willowbrook campsite.

---A legal source of Kolchak who had contact with SI killer Richard Biegenwald says Biegenwald has stated he knew of more bodies on Staten Island---and that he was involved in procuring them and/or body parts for a satanic cult.

---Two brown vans (plates in file) were spotted around the corner from DeG's. Reports from southern Staten Island hold that a brown or chocolate-colored van, as well as a red pick-up, were involved

6. Staten Island

✓ in '86-87 incidents trying to pick up kids. Also, Touch of Class bike club had a brown van. A dark brown van, with no lettering, was observed outside bike club. Plate VZV-916. It was registered to a Salome J. Pimentel, DOB 4/20/43. Address: 28-19 33 St, Apt. 2B, Astoria, Queens.

✓ ---A Daniel Stratton was picked up for murdering a girl named Rebeccas Fine on SI in '87. He'd participated in the search for Jennifer Schweiger. Stratton was released from jail in 4/87 on sodomy of a boy rap. He'd been a resident of Centerport, LI, very near Northport (cult killing in '84). Also we had a JPD in Centerport---probably our guy. Stratton had a winged lion tattoo, and went to live with a girlfriend on SI in spring '87.

---"Coffin Man" Richard Carlson of 536 Richmond Terrace is said to have been on Lewis Harrison's mailing list. He's also said to be a necro and pedo who picks up young boys in a hearse. A Joseph Ritansky, sheet for male pros, lived with Carlson for a time. Also a Jeremiah Newton, formerly of 61 W. 81 St., Manhattan, is tied to Carlson. Newton into "old churches and houses," and allegedly a necro-pedo himself. Newton's boyfriend and procurer was named Andre Santana, and Santana allegedly had a sheet. Newton said to be into sorcery and Tibet mysticism.

✓ ---Other plates and details in file. Also worth noting that in late 70s early-mid 80s, a number of young girls vanished on Staten Island, including Holly Ann Hughes. None were found.
