

10/21/80 M. Terry interview with Mark Lundin, former boyfriend of Wheat Carr. Lundin, a former dispatcher for MY state troopers, knew Wheat in 1974 and dated her for several months during that period, ending in late 1974. He now works in North Caroléna with IBM, and was located there and interviewed by phone. He subsequently called back and offered any further help, if needed.

- Wheat told him on several occasions that her father beat her terribly. He said she was even afraid to go home on occasion and would go to her girlfriend's house instead to avoid being beaten by her father. (Important tie to Borelli letter: When papa Sam gets drunk he gets mean. He beats his family.)
- 2. She never specifically mentioned a cult but she was very much into astrology and the taret.
- 3. She drank often, and to excess. She fell out of Lundin's car and broke her leg in a stupor in front of the Carr home. Sam came out and carried her inside.
- 4. She always carried a gun and he, Lundid, helped get a hunting permit for her. She had several guns and so did Sam. He kept a pistol in his sock. (Second time that same story has been told).
- 5. Lundin met John Carr once or twice. Once for sure at Michael's Pub on Central Ave. in Hartsdale. He said he knew John was screwed up over his divorce and was unstable. Wheat, he said, was "extremely close to her brothers---especially John."
- 6. Wheat admitted to Lundin that she used drugs and told him about a stash she once had at Delhi college. She said she was tipped off about a police raid and was able to ditch the stuff before the cops got there.
- 7. Besides Michael's Pub, Wheat hung out a lot at the Candlelight
  Inn, Greenburgh, and at the Log Cabin, a place popular with
  Westchester County Sheriff's officers as it is near the county
  jail in Valhalla. Who was a body who was J.C. ferry who she day
  and wounded "kanen."

  8. Lundin says she was a "police buff" who would "go for anybody in
- 8. Lundin says she was a "police buff" who would "go for amybody in a uniform---and did just that." Lundid didn't know Kevin Griffin, but knew the owner of the Candlelight---Jack Tracy, and another bartender named "Red". These people should know Wheat well.
- 9. He said she used to jabber about being an informant for the FBI and her father mentioned some crime figure in Greenburgh who was under investigation. Lundin says he was surphised to learn this was actually true---especially since the guy was not known to be a criminal and the investigation was supposedly confidential.

- Che becenburgh Angle)

- 10. Wheat liked to got to a place in Jersey called High Pt.
  Park "to watch the sunrise." Lundid says she told him she
  went there a lot.
- He said the Carr house was a mess, and that Michael had photo equipment in the house (Confirms Berk at Marcy).
- 12. Sam Carr, says Lundin, had some connectoon with Yonkers Animal Shelter but he couldn't recall what it was.
- 13. She took the test for the state troopers and failed. Lundin says she told him it was because of poor eyesight.
- 14. Two close girlfriends were: Gail Shebroe, who lived with her parents in West Yonkers near Hudson River. (Phone book lists DeHaven drive---adjacent to Untermyer Park. Where does Susan Sugar live?)
- 15. Other girlfriend: Rayne or Reyne Ziola or Zeolla, also lived with parents in Yonkers. Zeolla now married and lives in Connecticut. Lundin says these girls are very close to Wheat.
- 16. Wheat also dated a trooper named Donald Rohrmann, who now works in NYC in organized crime bureau. Rohrmann, says Lundin, used to go for her when he had a few drinks and didn't care. Rohrman drove a yellow VW fastback. Once says Lundin, Wheat went to Florida and kept calling Rohrmann to try to get him to pick her up at JFK. He wouldn't, so Lundin did. "I got conned into it," he says.
- 17. Rohrmann has a brother, Eddie, who lives in Scarsdale. He knows Wheat also and, ### says Lundin, "hates her." Lundin says Eddie might have some good information on her.
- 18. Wheat also used to constantly call and bug a Lieut. on the Greenburh PD to take her out, says Lundin. (I spoke to the Lieut. who confirms that this was so. He also says she was a groupie and buff---"anything in a uniform."
- 19. (Wheat admitted to me in a conversation that she had been in Peachtree's (Donna Lauria) about 10 times. I also have an unconfirmed story about her having a fight in a bar with Fred Cowan (Neptune Moving massacre and acquaintance of Berk landlord Jack Cassara).

go He's heard of the Way!

On a related note, Bronx cops are telling Cinotti that Berk's confession on Suriani is off. They say (correctly) that he confessed to firing through passenger window but that killer actually fired through front windshield. (A check of newspaper story at the time says shots were fired through windshield).

Also, they say a witness in a Cadillac---who never was interviewed for a DD5---told them at the scene that the killer escaped in a direction at odds with DB's confession. They are trying to locate the Caddy owner. Info on him is in case Files 29-20 ye-old

Tom:

I had another long talk with PI Perlman today. This thing is getting heavier and heavier. He wants to meet with me within the next 10 days. I told him I would be there. However, due to the nature of this information, I would like Leifer to accompany me. Herb is, I take it, still the guy with the responsibility for this and I simply do not want to go alone, for one thing; and for another, I want to make sure that the right person from your office hears this for themselves.

If we are going to work to solve this case, the time to do so is now. Otherwise, you people can all stop wasting my time and I will publish what I have to and go on with the rest of my life. There is no way anyone can tell me that there is not a good amount of relevant information out there that should be investigated now. I have cooperated with your office since the beginning on this, and have supplied you with some compelling information. The latest of which is this:

David Berkowitz, on his way to Texas to get the gun, went to Florida (Hollywood) and stopped at a Way camp. Perlman says this information came from two sources: someone in the Brooklyn D.A.'s office and from Jultak and Stern. (I myself already know he was in Florida, at least, visiting his father.) According to Perlman's information, DB was asked why he had gone to the Way camp and replied, "Because they told me to go there."

Strano told Perlman about the note sent to the 60 precinct that was believed and had the cops covering Coney Island, exposing Bensonhurst, where the Moskowitz killing occurred.

The information-in-advance on Moskowitz came from an informant who had gotten it from a young girl, about 17. The informant, who I'm told is available to me (and you) was interviewed by Strano right after the shooting.

The SOS killings were carried out by an "operating team" of six people, including one woman. Perlman says his information shows that woman to be Wheat Carr.

He says there is a detective---at least one---a burglary guy in Manhattan---who can attest to overhearing a conversation in a Manhattan diner at which this woman---allegedly Wheat---was present. The conversation was about how the group operated, and who was in it. Two of the other members of the six were ex-GIs, and most were from Yonkers.

The Way tie-in of membership by the Carrs, Glassman and Billy Dan Parker came from a former Way higher-up named Marie Leonetti and from several police sources, including a PI in WesTches Tax.

Glassman, they say, was an "auditor" of Way inductees.

One got into Way in this manner: An individual would be approached on campus and invited to a religious, bible-reading meeting. The format would stay legit for at least four meetings, but after the fifth there would be a "regression" and "diversion" into other things. After about the seventh meeting, members would begin to learn how to speak, write, in "tongues"---the basis of which is in the New Testament book of Acts.

Then, the programming would begin of acceptable, chosen members who it had been decided could be manipulated and led onto other things---including murder. (Knowing how Berk came back from the Army as a bible-toting born again Christian, I find this entre' to the cult plausible---especially when one goes over what he says in his letters (that you have).

I'll repeat what Perlaman was saying in an earlier conversation: The gold , "mustard" colored car at Elephas (and perhaps at Donna Lauria shooting--same description) was an unmarked car belonging to the Westchester Co. Sheriff's Dept. It was, he says, one of their fleet of Plymouths---either a Volare or Belvedere. (I've checked---they had them).

I believe that this mist be pursued, along with the information on Norman S., Billy C., Wheat's newly discovered friends, Andy Dupay, and of course, Wheat herself, Wolfson, et.al.

Maury

PS: A check of NY Times
Morgue showed that FALN was
not in the news between Feb-July, 1977.
On August 4 and 5 they were all over
page 1. The timing, re: DB's book
is fascinating, and pretty conclusive.

PFS: I had a mathematician compute the odds on DB, Norman and O'Shaugnessey owning .44 Bulldogs and not being connected. It is over 1 million to one in favor of them being connected.

## WHEAT CARR

Additional info. from notes of a January, 1979 conversation with her.

She used to frequent a place known, or once known, as the Mariner's Inn in Mamaroneck. She says Berkowitz was in there asking all sorts of questions about her.

She says Berk tried to run her off the road in early 1977.

She says she took Carr threateming letters (after Berk's name was known to them) to then Legal counsel to Yonkers PD, Henry Ulrich, in June and July 1977 to ask Ulrich if Berk could be arrested. I reached Ulrich who says this isn't true at all. He says the only time she ever came to him was after Berk's arrest, when she received a threatening note from him mailed from Kings County.

She says she definitely saw the Wheaties and Wicker aliases in Breslin letter and reported that to Yonkers cops also. They flatly deny this and say if anything like that was said to them, they'd have jumped all over Berkowitz. (For a lady with so many cop friends, it's interesting to note that she wasn't calling all of them on this.)

She denied her father had a heart condition. However, I've had it confirmed through doctors that he does indeed have one.

It was in this conversation Wheat admitted having been in Peachtree's about a dozen times--at least. This ties Lauria/Valente, of course. It also may tie in Placido, who worked at Macy's in New Rochelle mall. Peachtree's is in the mall. I also heard, not confirmed, that Lomino or DiMasi once worked in the mall, also.

On Lauria, it is interesting to note that this shooting occurred on a Wed.night-Thurs. A.m. Wednesday night was the night the girls always went to Peachtree's. It was backgammon night for Jody Valente, and Mike Lauria said it was their Wednesday routine to go there. This, and the Voskerchian shooting, were the only ones not to occur on a weekend. The Vosko. As shooting had its own bizarre elements--time, place, Mo, etc. As you know, this was the day Wheat Carr left work early.

Wheat told me that Michael changed his hair style, and that before that he looked like John, with long, straight hair.

Also, Mike Lauria saw an intermediate-gized dellow car (like a Nova or small plymouth) parked across the street from the girls when he came by them just before the shooting. A man was in the car. This same car, it has been learned through neighbors, was in the neighborhood about 10, parked around the corner (about three hours before.) It was not a meighborhood car. It's driver was never found. It was not Bent's CAR.

Enclosed are two of Wheat Carr's parking tickets. I think her special-order plate is interesting of itself--WMC 13. Her initials, and the black magic #13, the number of people in a typical coven.

The addresses on the ticket are: 456 Riverdale Ave., and "Valentine Lane, Southeast Corner at Riverdale". One was at 3a.m.; the other at 10:42 a.m.

The dates were: April 1, 1977 (10:42, a Friday ##### morning)

June 4, 1977 (3:00 a.m., a Saturday Morning, the
day before the publication of the Breslin letter.)
